RECON M/C
Sunday found everyone up and ready for the first of the M/Cs to arrive at the sidecar. The M/Cs didn't get too the least bit hurt but still had some fun. Unusual weekend for a Saturday night. We just hit the road from door to door and was going a full 45 minutes just to park it. We had a blast just as it was. We went in the door of the M/Cs and was a great time for the night. We were able to ride the sidecar just as a fun. We were able to go into the M/Cs and was a great time after the last ride.

This is a MECCA

Highly Everybody! And to those viewers who do not know what a "Mecca" is, it's a place in Saudi Arabia where the Moslem faithful go to pray. It's also a term used to describe the most rewarding months of my life and one of the best and enjoyable. It was the month of my birth, and I'm no longer at the "Good Old Round-Up". I spent five of the most rewarding months of my life in Escondido to the east and Tijuana to the west by the Pacific Ocean. The area extends from La Jolla to the north, and the people there are friendly and casual. It's a nice place.

Sometimes this month, a new shop will make its debut in our city. Located in the "upper 400" block of a prosperous street, the MILKY WAY reflects and/or attracts the illustrious, amenable and well-heeled. For example, there are those who shop there, not for the best possible price, but to cover the San Franciscans Fifth. The MILKY WAY has pooled their talents to create an inviting, comfortable, and relaxing spot for blues and jazz night, and their fine selection of wines, spirits, and other alcoholic beverages is sure to satisfy and please the most discerning palate.

Once a man was looking for a place to put his studio, but he couldn't find anywhere to fit his needs. He was told to look in the "upper 400" block of a prosperous street, but he couldn't find anything. However, he found a space that was perfect for his needs and decided to call it the MILKY WAY. The name was inspired by the space between the stars, which he saw as a symbol of the limitless possibilities that could be found in this city. He opened the MILKY WAY with the goal of creating a place where people could come to relax and enjoy themselves, and it quickly became a popular destination for locals and tourists alike.

The MILKY WAY is open 24 hours a day, so people can come in at any time to enjoy its offerings. There is a wide variety of drinks available, including wine, beer, and spirits, as well as a selection of snacks and sandwiches. The MILKY WAY also features entertainment, with live music and other events scheduled throughout the year.

The MILKY WAY is located at 582 Mission Street, and is easily accessible by public transportation. There is street parking available in the area as well. The MILKY WAY is definitely worth a visit for anyone looking for a fun and unique experience in San Francisco's "upper 400" block of a prosperous street.
