Welcome one and all again to buzz around the city from your living room chair. As the "Sidecar" adds miles to its total mileage.

First thing that the "Sidecar" found out about from members of some of the clubs was about the forum meeting that was held on March 13, 1975. One of our clubs stated that they were going to take a very close look at what their problems were and then were going to take the necessary steps to put their club where they, the members wanted it to be. There was quite a large turnout for this meeting and the "Sidecar" was told that this was one of the best forum meetings that they had attended, because here they had a chance to see the forum pull people together to help in any way they could.

The nine of pentacles that tells us to try to use wisdom in our own interests. Our future is the king of pentacles that tells us we will have from a more responsible person. The seven of swords says we are afraid of advice, even though it is good. The seven of cups says our friends are afraid of advice, even though it is good.

Our immediate future is seen in the page of wands, which tells us to beware of being superficial in our undertakings. Our future is the king of pentacles, He says we can expect some help from a more responsible person. The seven of swords says we are afraid of advice, even though it is good.

Our lives have been ruled by poorly constructed plans and obstacles. Our future is the king of pentacles, He says we can expect some help from a more responsible person. The seven of swords says we are afraid of advice, even though it is good.

MUSIC

Well, I got my exclusive on a demo cut of the new Monty Rock (Disco Tex and his Sexolettes) with no name on it yet, but I call is "Disco Time". And it is HOT! HOT! I've not heard anyone else in town has it yet. But I know you've heard it at the MIND SHAFT. Also Barry White's new single "Doin' All I'm Goin' To Do With You" is just taking off on the Top 15. It has a tricky ending that ends with a crash. And if D. J. isn't on the ball he's miss his cue.

"Sham, Sham, Sham" is still No. 1 for 3 issues in a row. Phil of the SHED for almost 3 years is now Phil of the RENDEZVOUS. And Tuna of the MIND SHAFT is now D. J. at the SHED.

"WHERE IT ALL STARTS"
by Matt Colton

Hello, Everyone -- especially those of you from out of town, a very special WELCOME! I hope we make you feel like you want to return to San Francisco or the gay community; that you have fun, that you meet some of the men we gather here with every Saturday morning, and that you're proud to be a part of it.

This is designed to give you a little background and insight into one of the finest aspects of the gay community -- button collecting. There is a trend of growing interest and participation in the field, according to the editors of BUTTONS, and I hope you enjoy it. My next issue will be devoted to a full examination of the field.

Many of you have been around for years, and we thank you for your time and information. More about buttons and each of them.

SFDG

It is primarily dedicated to the subject of BUTTONS, and I hope you enjoy it. My very personal thanks for their time and information. More about buttons and each of them.

"Dinner is the vacation of the poor."

No finer week could culminate Ventures for the Story thru a "Brief Vacation". This director, noted for his neo-realistic style and as the champion of the poor, has come out with his best work yet. It's a story of the hazards of over-production, the struggle of finding work and love, into a delicately plotted, well staged and beautiful picture. "To explain De Sica, we must consider De Sica's professional background, his years of experience. He not only directed many of the wonderful Billy Rose musicals, he also directed "The Student Prince" and "The Merry Widow". All these films are well known and loved by filmgoers worldwide. In "The Student Prince", De Sica portrayed the character of the Prince, a role he played in many of his films. In "The Merry Widow", he directed the musical and was involved in the production. In "Brief Vacation", De Sica brings together a mix of music, drama, and comedy, all seamlessly woven into the storyline. The film features a number of talented actors, including the legendary Bette Davis, who plays the role of a poor woman who loses her job and is forced to find work. The film also features De Sica himself, who plays the role of a factory worker. Throughout the film, De Sica's unique directorial style is evident, with his use of close-ups and long shots, as well as his ability to capture the essence of the characters. In "Brief Vacation", De Sica not only directs the film, but also co-writes the screenplay, which is a testament to his talent as a writer as well as a director. Overall, "Brief Vacation" is a masterful work that showcases De Sica's talent and dedication to his craft. It is a film that will be remembered for years to come, and is a must-see for all film lovers.
