CREDO EVERYBODY: Now that Breathe is out and Hail will be upon us in 2 weeks, you'd think that the world would settle a bit and things would get back to normal. The City. But I've got news, heard of a coven in the City, a coven of other people getting ready for Hail and Breathe. The City is the strange place to be. They've got hews, things would get back to abnormal. First of all, I want to thank you, Sandy, and the community at large for the support you've all shown. I've been here in town for the past three months and I've really enjoyed my time. I've met some wonderful people and I've had a chance to see some great sights. I'm looking forward to the rest of my stay and I hope to see you all again soon.

Buddhist chantings, and positive thoughts. The students and the community were amazed by the performance. They were much impressed by the naturalness of the performance and the way it was presented. The students felt that it was a truly unique and memorable experience.

The production of "THE CAT" adds a liltling and authentic French touch to the American theater. The students were particularly impressed with the fluid movement and rhythm in the dialogue and how it was handled by the cast. They noted that the fluid movement and rhythm in the dialogue were not only pleasing to the eye but also added depth to the performance.

The students were also impressed with the all-male cast of "THE CAT". They noted that the male cast members handled their roles very well even though sometimes the female roles were underplayed - appropriate to the story. They noted that the all-male cast was a welcome change from the usual all-female cast and added a fresh perspective to the performance.

In addition to the performance, the students were also impressed with the energy and enthusiasm of the audience. They noted that the audience was very engaged and responsive to the performance, adding to the overall success of the event.

In conclusion, the students felt that the performance of "THE CAT" was a success and that it was a truly unique and memorable experience. They expressed their gratitude to the performers and organizers for a job well done.
SOME QUEENS WALK THEIR DOGS, others maybe, their cats, but walking their plants... Mary, that's just too much! I mean you could have three plants in your apartment, but that's too much! I mean, what's that about?!

I'll got a fare to Phoenix, but I guess we can drive there. That was great. Hector. First time in my life I've needed a cab every night to get home. Every cab driver I tried had a story. I was the only one.

Now I know what it's like to be a singer. I'm not a singer, but I have a new love, David. I have a new love, David. I have a new love, David. I have a new love, David.

THE EMPEROR'S CORONATION

THE THREE AUTHORS mentioned above spent their entire lives studying the Tarot and memorizing the many meanings of its cards and the figures behind them. Even though they say basically the same thing, which are almost identical, and they all give basically the same advice, which is to look in more or less to understanding the Tarot.

UNDERSTANDING THE TAROT

A TRICK that I have always done Tarot readings on especially to clients. However, it's not what the Tarot cards themselves are, but what the client's mind is saying that is the most important part of the reading.

THERE ARE THINGS one can do to help understand the Tarot and the TRICKS one knows about them. Here are some:

1. The first thing to do is to understand the symbols of the Tarot. The symbols are the pictures that are used to represent the different concepts in the Tarot. These symbols are the most important part of the Tarot and they are used to represent the different concepts in the Tarot. These symbols are the most important part of the Tarot and they are used to represent the different concepts in the Tarot. These symbols are the most important part of the Tarot.

2. One must understand the principle behind the Tarot. The principle behind the Tarot is that the cards are not used to predict the future, but to give guidance on how to proceed in life. The cards are not used to predict the future, but to give guidance on how to proceed in life. The cards are not used to predict the future, but to give guidance on how to proceed in life.

3. One must understand the principle behind the Tarot. The principle behind the Tarot is that the cards are not used to predict the future, but to give guidance on how to proceed in life. The cards are not used to predict the future, but to give guidance on how to proceed in life. The cards are not used to predict the future, but to give guidance on how to proceed in life.

If you have any questions about the Tarot, I would be happy to help you. I would be happy to help you. I would be happy to help you. I would be happy to help you.

Dear Editor,

My name is Bob Geary and I am a candidate for the Office of Sheriff of the City and County of San Francisco. I have served as a police officer for the past 20 years, and have worked in the community to keep us safe. I believe that the Sheriff's Office is the most important agency in the City, and I will work hard to make sure that it is the best it can be.

As a Sheriff's candidate, I personally feel that it is important to make the Sheriff's Office more accountable to the public. I will work to ensure that the Sheriff's Office is transparent and that it is held accountable for its actions.

If you have any questions about my campaign or my qualifications, please do not hesitate to contact me. I would be happy to discuss my platform and my plans for the future.

Sincerely,

Bob Geary
Sheriff Candidate

Coming as no surprise, Robert and Don get it on in a bed of enlightenment. This being the end of the film, a gay person realizes that nothing new has been seen. For a straight person, such a film could prove to be eye-opening. Our bath houses are no longer sacrosanct. Straight people are hearing rumors about such dens. Maybe the Sutro Bath House's success indicates a healthy sign. Straights and bi's are loosening up their sexual standards. A few bright moments do present themselves in this work. The football team allows the audience a mirthful escape. The interaction between Robert and Ellen, and Don are believably touching. The film can not be accused of being closeted. It's an out-front film with many moving moments. These few emotionally filled minutes, however, do not make up for the reels of film wasted on scenes of New York. "Saturday Night at the Baths" simply does not work.

THINK OF IT AS AN ACADEMY AWARD FOR OUR BUSINESS WORLD (BARS, BATHS, RESTAURANTS, LODGING, SHOPS, THEATERS.)
