CARTER SPEAKS OUT
San Francisco/Jimmy Carter has repeatedly expressed his support of gay people, most recently on May 31 at a news conference here. When asked about possible appointment, he expressed support for gay rights, saying, "I will consider the appointment of gay people to federal positions." The appointment of baskets sexual or discrimination against homosexuals.

CONGRESSMAN CARTER has also gone on record as supporting the National Women's Political Caucus.

Quite a stand for a National Politician.

GAY CIVIL RIGHTS
Washington D.C./The U.S. Civil Rights Commission has scheduled discrimination hearings in the next few weeks. The hearings are part of a larger agenda for gay rights, which has been emerging in recent years.

The Commission has received numerous complaints from homosexual individuals and organizations. These complaints include issues such as employment discrimination, housing discrimination, and education discrimination.

The Commission will consider whether to adopt a resolution urging its parent organization, the U.S. Commission on Civil Rights, to adopt a favorable decision on the inclusion of "sexual orientation" in areas of employment, housing, public accommodations, and facilities, education, and federally funded programs.

NEGLIGENCE IN ACTION
Washington D.C./Working closely with the National Women's Political Caucus, the Gay Rights Bill was introduced into Congress on May 1. The bill, AB 3823, was introduced by Governor Carter and adopted a resolution urging its parent organization, the U.S. Commission on Civil Rights, to adopt a favorable decision on the inclusion of "sexual orientation" in areas of employment, housing, public accommodations, and facilities, education, and federally funded programs.

The bill would make illegal the kind of arrest that doomed Los Angeles Deputy Mayor Thomas in connection with the murder of 20 year old Juan Claudio on March 30, 1975. This is the only one of six gay related homicides that has reached the arrest stage.

The Convention, held from May 15-18, drew close to 10,000 psychiatrists and mental health workers from all over the country.

WHAT PEOPLE THINK
New York/More than half the residents of New York City disagreed with the "No" on a New York City gay rights ballot measure, according to a New York Daily News opinion poll.

Almost two-thirds of those interviewed said they thought homosexuals should be accepted in society and treated as the same as everyone else. Respondents were asked whether they thought homosexuals were treated fairly in America.

The Suzanne Cupp in a brief article on May 13, 1975, upset the Virginia Law providing up to five years in prison and a fine of up to $1,000.00 for persons convicted of homosexual activities.

THREE INDICTED IN GAY KILLING
Boston, Mass./A Suffolk County grand jury has indicted three men on charges of murder in the death of a gay man. The men are charged with the murder of 20 year old Juan Claudio on March 30, 1975.

The murder was initially investigated as death by suicide by the Suffolk County District Attorney's Office. However, the investigation was later turned over to the Suffolk County District Attorney's Office.

The Associated Press reported that the Suffolk County District Attorney's Office had received a tip from a local gay community organization that the victim had been murdered.

Well, looks like I'm back for one more column! I'd have had this column ready a long time ago, but a few college classes and a bike trip got in the way. I was asked to do this last one, and I'm sure this is the last one, so welcome back, guy.

The first thing I want to mention is the upcoming Oldies Fest. Yes, that's right, the first Oldies Fest in history. It will be held here in San Francisco on Saturday, May 29th. The event will feature music from the late 1960s and early 1970s, and is sure to be a hit with locals and tourists alike. Mark your calendars and come on down.

Also on the scene is the annual Bike Week. This year's event will take place from May 30th to June 5th, and is expected to draw thousands of bike enthusiasts to the city. Be sure to check out the parade, bike races, and live music performances.

Lastly, remember to vote for the next mayor of San Francisco. The election will be held on June 10th, and is sure to be a hotly contested race. Be sure to get out and vote, and make your voice heard.

Thank you for reading, and I'll see you on the streets.

VOTE - JUNE 12 - 2 P.M. - 10 P.M. SIR CENTER - 83 - 6th St.

THE COWBOY/COWGIRL CONTEST AND THE PEOPLE'S FUND: This year the "Cowboy/Cowgirl" contest is being used as a catalyst to raise funds for the "People's Fund".

To do this, the committee and the council have decided that the contestants will use the same method as is given a donation from the "People's Fund" for their efforts. But not all of it will work: some are given in San Francisco and the others are given in the city of the United States. The amount of any given is $3,000. I've just learned that the council is going to give $10,000.00.

For those of you who are interested in helping out and in the contest, let's meet the council. The council has planned enough to offer worthy prizes such as trips that are given in say that have a good time and you could win more than prizes.

Many parties are being planned or in the planning stages now, and I hope you will join us for these festivities. A campaign fund-raiser is being held at 62 Saturn Street, at the "House of the Good Fairies", Hector, Gardner and Ed. That's this Sunday, May 30th from 11a.m. to 4 p.m. The "Cocktail Brunch" is being served by Bob Ross, and it's hosted by the fabulous Mike "Michelle" Gerry (my personal sponsor) and Hector Navarro. A sensible $10.00 cover is asked, which covers all the above.

The late Alan Watts used an interesting expression when describing our Mother Earth. He called it the Taoism of All Worlds. In this day and age the truest form of religious expression might well be the new age concept of Mother Earth "people." Our connection with this Earth is our guilt; the connection exists because we are One with this World. The very ancient Hindus, who created the philosophy of Hinduism, were the first to bring the concept of the unity of all existence into being in their truest state of being. But later divisions of caste and the theoretical separation of both India and China who were opposed to unity and diversity and ultimately destroyed the Taoism of All Worlds.

The small orchestra (17 musicians) was led by Anthony Spiri, who switched from his usual harpsichord and organ. However, some laggedness was evident in the performance of the oboe, trumpets, and tympani during rehearsals, and while it wouldn’t have affected the Promenade Orchestra, I did hear one of its concerts. The cathedral should be taken, and we can be fair to review it. I can say that I was impressed by the work of the orchestra and the rest of the orchestra, and I hope to hear them perform again soon. The concert of May 29 was a grand rendition of William Russo’s “Street Music,” which is a sure winner. Not to point the dullness, there were moments that were very flat. Mr. Siegel directed with a certain amount of precision, but what I heard so far is very good. The concerto of May 19-22 was another fine concert. A fine concert indeed, and I expect to hear them perform again soon.
