THE CICES AND HIS FRIENDS

The two men have lots of the time they spent together reading the book "The JV and His Friend" by Siegfried Kracauer, keeping a journal of the day's events. By the end of the book, they both have been able to identify the characters they related to and the events that occurred in their lives. 'The Fox and the Sorrows' was their favorite book, and they often discussed the characters and events in the book.

Fassbinder is now playing at the Lumiere near Polk. He is starring in his own work, "The Cices and His Friend," a soundtrack by New Order. "The Fox and the Sorrows" is a deep, philosophical exploration of the complex relationship between the two men. Fassbinder's film "Ali, Fear, and the Fox" is a critique of American culture.

"Brighter future for gay films" is the theme of the new film "Ali, Fear, and the Fox." Fassbinder's characters, such as the Fox, are symbolically close to American culture. The film is a critique of the American culture and its impact on gay individuals.

Hello Out There Once Again:
If you are wandering around your favorite south of Market bars you probably are seeing a lot of new faces since the end of 'n e.

The Aussies are not coming, THEY ARE HERE'

Saturday the 26th of June found the side car parked in front of the Golden Rivet along with about 30 bikes waiting for the arrival of the Aussies. They arrived 'I about 10:55 with the 'Down Under' they were greeted by members from all of the bike clubs and individuals. The bar was packed from one end to the other with well wishers. While "The Western Electrics" were getting it on inside, the Side Car ran into a genuine S.F. Kangaroo outside the door. Maybe he thought that the Aussies had brought him a Playmate to Play with! John, you really looked super with your goodies showing in your little pouch.

Sunday the 27th at 10a. m. we found them at Febe's for the run to Juanita's via a stop at the Gay Freedom Day Parade. The Down Under Committee had a Drawing for a round trip ticket to Hawaii on this run. The first winner was a woman from S. F. but the Committee was unable to reach her as her phone was disconnected, so they drew another name on the C.M.C. run and the guy going to the Islands is Bill Rum-...power who held the lucky 1/104.

Wednesday the 28th found the Aussies holding their open meeting at the Rivet, for the Side Car to tell its friends all that happened would be impossible but, just stop by the Rivet and check out the new additions to the Club Colors behind the bar. Congratulations to all the individuals who were awarded patches also.

Well folks here are the winners from the Serpents/Cocks Run:

Monday the 5th found the Side Car down on 11th & Market in front of Febe's for the Aussies Presentations. Roaming around there it got some candid remarks from some of the Aussies about the C.M.C. run that they thought it would like to share with other Aussies. One of the Aussies said that when he gets back to Australia he's going to enter a convent. The Side Car asked his kissing cousin what he thought of the C.M.C. run,

"C.M.C. was absolutely heaven. I thought I'd died and gone to heaven. " Peter said, "We were warned about the food and it was true the food was positively addictive! The show was one of the most amusing I've seen in a long time. The whole run showed the incredible amount of effort used to get it together."
