Columbia, MD — A federal judge has ruled that the University of Maryland's ban on student group meetings at the university is illegal. The ruling comes after a long battle between the university and the American Civil Liberties Union (ACLU), which had been representing the students since 1973.

The university had banned the group from using the university facilities for meetings, saying it would violate the university's policies on race and sex. The judge ruled that the university's policies were discriminatory and violated the students' rights under the Equal Protection Clause of the U.S. Constitution.

WORD OF MOUTH

DaVinci Charleza

For the newly crowned queen at Galleys Row, to say the least, what a fandango this was. I heard that the new theatre scene drool from the Madammes will now give a free show starring DaVinci.

Chris Hall is up for remodeling and they have sex when they can handle it. The sign said the Reel News was closed, and the mysterious Mr. Roberts also joined the senior citizens committee to keep the chicken bones all over the bedroom like pigs (that's right).迷 was just has got to stop beading all those crackers and throw the chicken bones away. Well, all the candidates for Emperor if they had the chance to choose their own style of dress, white hot, young and sexy, as they were at the actual stage version. For a auction can be left at the Camelot, Camelot on 76 E. Santa Clara, San Jose. (personally would like a button of this over a log during one of our most heat days and nights, so as to feel the masculine aroma called Silver Sage at the Town Squire or at the Hastings stores, can this really be love or is it just to die, die, my DARHHHH—?

Don't be too surprised to find out that the mayor of San Jose, if you ask her, would be the perfect millionairess of late. Empress Alex of San Jose has a couple cases of the hiccups in the daytime. Usually these cases are continual and the people are just as much as the candidates for Emperor if they had the chance to choose their own style of dress, white hot, young and sexy, as they were at the actual stage version. For a auction can be left at the Camelot, Camelot on 76 E. Santa Clara, San Jose. (personally would like a button of this...)

THE REEL NEWS

The Side Car is finally back in commission after repairs. Going back to the mountains and rivers is not so wearing as going over mountains and rivers. It was fun, but it's good to be back on "The Miracle Mile" parked along with all its friends. It's good to be home.

To start us off, here are the winners of "The Knights of Malta Second Anniversary Dinner Silver State Awards." First-hand information goes to Larry of the Serpents. Just goes to show how far these little snakes do travel.

Unfortunately, Denver had to eat alone. Seems had a function of their own in Denver the following night and the President had to open it personally. I understand they were only 11/2 hours late in arriving in Denver!

It was interesting to note that in Reno, "Semi-formal" means Levi's and sport shirts! The Side-Cars fell out in Black Heels and suffered while everyone else was comfy. They "relaxed" later, too.

COMMENTS ON THE FUTURE:

This has really been a year of social change and progress. The world is changing, and we are all being forced to adapt and change as well.

The Emperor of San Francisco, a subject I feel strongly about, is a figurehead for the entire community. He is the leader, the figurehead, the one who represents the common good of the community. People who can achieve change and make a difference in the world are what we need in San Francisco.
