MARK CALHOUN

San Diego recently spent a mini-vacation in the resort city of Tijuana (Mexico) and was so impressed. The pace there is so much faster and hectic than in San Francisco, and there is a lot more activity in all the city's downtown areas. There are a lot of hot and exciting spots to go to, and there is a lot of action everywhere you go. The weather is always warm and tropical, and the people are friendly and welcoming. I had a wonderful time and was able to spend some time with friends from the city. I really enjoyed the atmosphere and the energy of the city. It's a great place to visit and I highly recommend it!

THE BEAUTY OF THE MALE NUDE BODY

At last, a fun evening every Wednesday night at the new Gay Community Center. A class called "Fun On Paper" will feature the joy of taking pleasure in, looking at, and capturing on paper the beauty of the nude male body. The class, which meets at 330 Grove Street from 7 to 10 P.M., is being conducted by well-known San Francisco artist/illustrator/cartoonist Stioux.

Different methods and techniques will be explored each week and talent will not be as important as enjoying each class. At the end of each session there will be an informal exhibition for those who wish to share what they've done, and a chance to meet each other in a supportive atmosphere. Drawing boards, paper, and other materials will be supplied and participants can bring their own. There is a fee for each class of $3.00. No one will be turned away for lack of funds. Participants may attend any or all sessions. For further information or to volunteer for modeling, call 626-5683. For messages 863-9000.

REEL NEWS cont. from pg. 5

The two and a half hour film, pulled along from one sexual encounter to the next, songs on improvisation, crime, and the financial costs and outcomes of Death Row in the Bay Area. The three main characters are a 5'11" tall, dumpy little fellow who is the best at the task, a pretty little 3'9" girl who is the most effective at the task, and a 3'7" little fellow who is the best at the task. The film turns out to be a series of short and unenlightening vignettes in which each character narrates his or her own life story. The supporting cast is successful in bringing the material to life, and the film manages to entertain with some wit and humor. But for the most part, the film is a disappointment and a missed opportunity.
