WRITE FOR YOUR RIGHTS

The recent decision by the Iowa City Board of Education to limit the publication of a student-written letter to the Catholic Press Association by removing the word "God" from the letter, indicates the need for change in the marriage culture. The letter was written by a student at the Catholic High School and was submitted as an essay for a class assignment. However, the board's decision to limit the publication of the letter raises serious questions about the freedom of speech and the role of the Catholic Church in education.

The Catholic Press Association (CPA) is a non-profit organization that promotes the freedom of the press and the protection of civil liberties. CPA is committed to ensuring that all voices are heard and that the press is able to operate independently of government and commercial interests. The CPA's mission is to support the rights of journalists and the freedom of the press worldwide.

In this case, the Iowa City Board of Education's decision to limit the publication of the letter has the potential to undermine the CPA's mission and to violate the First Amendment rights of the student author. It is essential that the CPA and other organizations committed to free speech and the freedom of the press take action to protect the rights of the student author and ensure that the letter is published as intended.

New Orleans, Anyone?

When you are happy for some good old-fashioned fun, you want to go back to New Orleans, where the weather is hot and the music is even hotter. There, the bars are packed with people dancing and enjoying themselves. The streets are lively with the sounds of jazz and blues. It's a place where you can let loose and have a good time.

DANCE THEATRE OF HAM A

The Academy of Dance Theatre is presenting the Dance Theatre of Harlem at the Chrysler Theatre in New York City. The show features a masterful production of Porgy and Bess, with an all-star cast of African-American dancers. The performance is one of the most significant events in the history of dance, and it will be remembered for generations to come.

POETRY OF LIFE
by Gary Collins

Our time has come to be free
of the fight against our fears
of what they may say or see
of what we have to be.

It is a time to stand up and be
a man or woman as we are
and not as we were before.

The old fears have passed us by
and now we can see the light
in our lives that shines so bright.

It is a time for joy and laughter
and not for tears and sorrow.

The old days are gone and so are
the worries that we used to know.

But there is still one thing that we
must do and that is to take care.

It is a time to love and be loved
and not for hate and despised.

The old days are gone and so are
the hatred that we used to know.

But there is still one thing that we
must do and that is to take care.

It is a time to be free and be
ourselves as we are and not as we were.

The old days are gone and so are
the worries that we used to know.

But there is still one thing that we
must do and that is to take care.

It is a time to love and be loved
and not for hate and despised.

Gay Veterans may quality for discharge

Our people who were discharged from the Armed Forces because of their sexual orientation may quality for an upgraded discharge under President Carter's Special Discharge Review Program. Following is a summary of the program:

Any Armed Services Secretary of the Army, Paul H. Breaux, is a letter to all members of the Armed Forces recommending that they review their service records to determine if they may qualify for discharge upgrades. The program is open to gay, lesbian, and bisexual persons who were discharged as a result of their sexual orientation from World War II to the present. The deadline for filing the program is May 15, 1977. If your discharge is upgraded, you may be entitled to back pay, access to federal benefits, and the right to serve in the military under the current policy.

In addition, the program will help to educate the public about the discrimination faced by gay, lesbian, and bisexual service members. The Department of Defense has committed to using this program to upgrade the discharges of gay service members.

Gay Freedom Day Parade and Fair.

SUNDAY, JUNE 26, 1977
Parade starts at 11AM, Second and Market. It continues to the Civic Center, followed by a Fair from 2 pm to 9 pm.

Parade is part of the National Gay Pride Week. Special entertainment is provided by the participants.

"Backlash" Called an asset

The following statement was issued in March, 1977 by Dr. Bruce Voeller, Co-Executive Director of the National Gay Task Force, on the occasion of the introduction of the Interagency Review Program for the Discharge of Homosexuals.

"This policy statement, followed by Public Law 94-157, has been a source of encouragement to the members of the National Gay Task Force and to everyone who supports the principle of equal rights for all people. The policy recognizes that discrimination based on sexual orientation is a violation of civil rights, and it will be used to upgrade the discharge status of gay and lesbian service members. This is a significant step forward in the fight for equal rights for all people, and we are proud to support this policy."
JULY 9, 1970: It was a warm evening in San Francisco. There was a feeling of excitement in the air. On Polk Street between Post and Sutter, one of the first truly distinctive gay restaurants in the nation, the *P.S.* had just opened.

That was seven years ago. Since that time we have made many improvements in our kitchen and dining facilities as we have strived to provide you with the ultimate dining experience.

We sincerely thank all of you who are our loyal customers and extend a cordial invitation to those of you who have yet to enjoy our fine food, drink, and friendly atmosphere. During our anniversary week we have planned many special events. Join us as we celebrate the beginning of our eighth year. To add to the excitement we have introduced a completely new menu.

Turning to the events of recent weeks, it is doubtful if anyone could have predicted seven years ago that today Gay Rights would become a national issue. We have come a long way. Today we see Gay Rights discussed openly in the nation's "straight" press. We see the extremist reaction of bigots viciously attacking us.

Thousands of people, including many of our customers, staff and friends have spent much of their time, energy and dollars to let the nation know that Human Rights applies to ALL people. We thank these people for working so tirelessly to make this first step a reality.

We must continue to work if we are to realize equal rights in employment and housing for ALL of the people. We thank those elected officials in San Francisco whose efforts have been so vital -- Sheriff Richard Haight, Assemblyman Art Aguon, Assemblyman Willie Brown, Senator Milton Marks, and Mayor George Moscone.

Bob Trellop and the Staff of the *P.S.*

The *P.S.* urges you to support LARRY CASAS for MB. CIRCUS CIRCUS by buying the special raffle tickets for $1.00 being sold by his committee. The *P.S.* has donated a ROUND TRIP FOR TWO TO HAWAI as one of the prizes that will go to the winners of the raffle drawing. All proceeds from the sale of the raffle tickets go to Operation Concern, a mental health program operated and administered by gay people for the gay community.
