**OPERA REVIEW**

**GARY COLLINS**

KATYA KABANova, TONAL/VISUAL by Gary Collins

The heroine of Janacek lies in his operas, not in his specifiable melodies. The S.F. Opera's production of "Katya" makes this abundantly clear.

There is not a single operatic voice in "Katya" but rather a series of roles, voiceless in essence, marked out in using the same voice in different contexts. This is partially because the voice necessary for the role of Katya is a sort of black mass which might have been intended for such a role, but otherwise it is a matter of the voice necessary for the role of Katya being a black mass which might have been intended for such a role. In fact, the role of Katya was one of two roles which turned out to be black masses which might have been intended for such a role.

Here the music emanating from the orchestra is as powerful and eloquent as the vocal lines. Whether this is natural or not, however, it is another matter.

The best lines in the struggle to realize a light and beautiful woman are by American performers. Furthermore, it is the reason these voices are not used satisfactorily with the black masses which might have been intended for such a role. Consequently, one doesn't think that you will all not forget Francesco Cilia as one of the voices remembered for the role of Katya in "Katya." And it must be added that the black masses which might have been intended for such a role are also sung with eloquence in Katya's role.

By nive articles, Roberts (who was already cemented as a punk rock star) was already making waves with his music, and the event was a success. He took the stage at the Folsom Club and sang in a rowdy atmosphere.

I'm not sure what to expect from this event, but I'm excited to see how it goes. It's always exciting to see new talent come through. Thanks for having me.

On the other hand, some articles were not so positive. One article mentioned that despite the success of the event, there were still some issues to address. The use of the “trick” word was considered demeaning and offensive by some.

But overall, it seems like this event was well-received and will be remembered as a turning point in the history of Folsom. Thank you to everyone who came out and supported this event.

Hello Lorettta,

... in the present time, there are many gays who have problems in their lives. If you have a problem, just contact them at BOX 158, 1800 Market, S. F. 94102 for a motherly-type person to give advice.

Dear Oakland,

I have had this thing for a certain man for a little over two years, and, although I have heard that he loves me, I have heard that he has been messing around with my best friend. What should I do now?
