With his presentation of John Farris' popular novel "The Fury," opening March 15 at the Regency Theatre, Producer Frank Yablans brings to the screen a bold and challenging entertainment, startling as tomorrow's headlines.

Kirk Douglas, John Cassavetes Carrie Snodgrass, and Amy Irving star in "THE FURY," directed by Brian De Palma. It is a dramatic film as riveting as recent newspaper stories about the detention of an American journalist in Moscow because of a series of articles he is doing on parapsychology and mind control.

Kirk Douglas

Even while the Frank Yablans presentation was being shot on location in Chicago, a Los Angeles Times correspondent Robert Toth, was being detained by the Russian secret police in Moscow, allegedly for attempting to leave that country with state secrets about its research into parapsychology.

"THE FURY" focuses on a man who is trying to rescue his teenage son, possessed of psychic powers, from a super-secret U.S. government agency which is using him. Because he himself once worked for that agency, the man, played by Kirk Douglas, has a considerable knowledge of its inner workings, which makes it all the more urgent for him to be silenced.

As the facts of the CIA's involvement in mind control experiments continue to be revealed through newspaper exposes and Congressional investigations, "THE FURY," is the first to deal with the timely issue of parapsychology in the form of a popular entertainment. A meeting with a young psychic girl who is also being manipulated by the agency, helps precipitate the final confrontation between pursued and pursuers.

What is it about a performer that draws the gay fans to worship at his or her shrine? What is it about those chosen ones that makes gays keep their memories alive, often long after they retire or die? It is that spark! That electric something, that touch of class or trash that makes them unique.

Why is Judy Garland still revered though dead these many years? She was something special...even when she was down and out, gays still supported her, perhaps not her the person, but, the Judy of the Legend. Much of her life had been hell and gays understood that; but mainly, Judy gave...gave until there was nothing more to give, and then turned around and gave some more...she gave love and from the gays, she got it back, although she was reported to be a little contemptuous' of gays, she knew that she could count on them to return the love she gave to all the audiences and she also had to know that that was vital, to her and to them.

Others know that is true for them too. Gays rally around such epochs of glamour and individuality as Marlene Dietrich; her glittery gowns, fabulous furs, foggy voice and panash...to say nothing of her fabled legs.

Marlene Dietrich, the 'little Jewish girl' with the voice, the snap, the bark and the bite the glamour and the style of a comet...putting excitement and brilliance into all those who see her, Bette Davis has legions of gays who know miles of dialogue from most of her movies, mainly, "All About Eve".

Barbra Streisand, the 'little Jewish girl' with the voice, the snap, the bark and the bite the glamour and the style of a comet...putting excitement and brilliance into all those who see her, Bette Davis has legions of gays who know miles of dialogue from most of her movies, mainly, "All About Eve".

FOUR WOMEN PLAYWRIGHTS

By Dan Turner

The One Act Theatre Company of San Francisco is presenting four short plays written by women. These are not militant sermons on liberation, but they do reveal women under stress, women coping, women happy, sad, challenging, put upon, aggressive, caring. It is an entertaining evening, and brought whoops and huzzaes from the audience for at least two of the four plays.

ACTION NEEDED TO SAVE V.D. CONTROL PROGRAM

Rep. Paul G. Rogers, Chairman of the House Subcommitte on Health and Environment, has submitted an authorization bill H.R. 1485 which would consolidate the preventive health issues of V.D. control with other environmental health issues into one comprehensive preventive health services package. These problems would then be handled primarily by state and local agencies. These programs are dollar-intensive and, for them, this comprehensive preventive health services package will be an effective thrust forward. Not so with V.D. control, which requires, high, constantly changing technology and skilled professional intervention to assure that treatment and prevention measures are uniform and efficiently applied.

While we concede the wisdom of a comprehensive package for preventive health services in general, we believe that control of epidemic sexually transmissible diseases is a unique problem which must be separated from the combined preventive health services bill, urged renewed authorization as a categorical health measure.

We believe it is crucial to national V.D. control that you exercise your network to advocate renewal of V.D. control from the bill as outlined above.

DISCO DISC OF INTEREST:

Salsoul Orchestra's "West Side Story (Medley)"

This track is a medley of several songs from "West Side Story," a classic musical composed by Leonard Bernstein andducted by Michel. This version features a notable drum break and energy that keeps listeners engaged. The arrangement is both aggressive and airy at the same time, providing a nostalgic yet modern take on the original work. This recording re-vamped from the LP running 7:38 and totally dominates the disco and radio level, offering a new ground for the music style.

In a recent article by a reporter with the New York Times, homosexual baiting crusader Anita Bryant herein spoke about the loss of income because of her anti-gay victory(ies).

She touches my heart. So how poor, misguided "middle-aged-to-old" could falter on such hard times. Of course, first off, being a practicing Catholic, and since his holiness, the Pope has not blessed Mrs. Green 'nee Bryant a saint, nor anything like it. So SORRY, ANITA so SORRY, ANITA because she is leading a hard earned cash into the "normal" people have the morals of a goat and the sex habits of a quips of a ape, which cannot be so easily assu­aging and vile. Before the Pope has the aura of moral uplift, also he worked up over the unusual moral uplift, which he should be more familiar with, that of "the right community." (End of extract. Turn to your hymn books.)

San Francisco's Gay Weekly

In compliance with the boycott of travel to Canada called for by gay men and women of the US as a result of the raid by the Toronto Police on "The Body Politic" Canada's largest Gay Newpaper, and in response to other recent acts of harass­ment of gay people by Canadian Authorities, "Mark Tours", a division of San Francisco has announced plans to abandon a series of ten tours to Canada in 1978. The management of "Mark Tours" stated that cancelling these tours will result in a loss of approximately $350,000 in bookings this year, however, they hope that many of their clients will decide to join one or another of their international tours, such as Japan, Aus­tralia, Tahiti, Hawaii or Mexico. The loss will also be somewhat offset by the increased number of Gay Canadians traveling outside of Canada. Since the oppressive tactics have been in force, "Mark Tours" has had an approximate 30% increase in inquir­ies about their San Francisco tour from Gays in Canada. The manager or "Mark Tours" stated that the oppressive conditions existing in Canada today make it a very undesirable country for gay touring or even individual travel. It is extremely unfortunate, since Canada has always been a most popular destination, not only in summer but year round. The boycott, which had its beginnings in San Francisco has now spread across the United States and is being observed by the major part of the gay community, not to observe this boycott would be kike suicide by any gay travel company for the manager of "Mark Tours".

GAY TEACHER SPEAKS OUT

A fired gay school teacher spoke out about his case on the stage of the San Francisco Board of Education Thursday morning. James Gaylord was a Tacoma, Washington high school teacher for 13 years, and had a spotless record. When school administrators discovered he was gay, they fired him. Tacoma, unlike San Francisco, has no protection of gay teachers. Gaylord appealed his case, but the State Supreme Court sustained the school board's decision. The United States Supreme Court has refused to review his case. In California, an anti-gay teacher initiative is currently being circulated by gubernatorial candidate James Gaylord will also speak tonight, Friday March 17th, at the MGCAM anti-Briggs Initiative Speak-Out at the First Unitarian church at Geary and Franklin at 7:30p.

TRIVIA MADNESS BY MIKE GROVE

Senior Students: As key essays due to say: Time once again to return to the kingdom of trivia knowledge. So dig into those memory banks, polish those questions into action...what Arnold Schwarzenegger would call Pumping Iron. Enjoy.

1. Barbara Eden's San Francisco car was what color? — white.
2. Where did Radcliff is entertaining a boorish construction worker, and construction hat? The other has a lot to say romance, sitting inelegantly in levis.
3. "The moment you raised your hand, I fell for you," says him or his cause. This person is more real.
4. "The loom...you raised your hand..." says the person is more real.
5. "The moment you raised your hand, I fell for you," says him or his cause. This person is more real.

The audience is captured marvelously and the acting here is very strong. The play focuses on two women who talk, the other who listens. The frustrated young G walks his anger verbally, as the wise old lifer sits calmly and asks him to listen. The women are largely ignored and treated like objects in this day in 1945 when all the men appear to be wounded.

SAVING LOVE AT FOREST LAWN by Lauren Yerby is performed to the teeth by Carol McKinnney and Catherine Willis. They are superbly funny as two elderly ladies facing death. The hero is very real and quite touching as one woman reveals that she had an affair with her other's husband. The other answers, "Just a small loaf, my muffins, and my friends." This performance is worth the price of admission once. The research shows that every gesture contains an aura of meaning, and they wing waving out of each other's little movement. The audience loved it.

They also liked SCHUBERT'S FINAL SONGS by Julie Bovasso. This satire takes place in an elegant French restaurant in New York.

URGE you to remove VD control funding as a category common to be wounded. The women are largely ignored and treated like objects in this day in 1945 when all the men appear to be wounded.

For all these reasons, I urge you to remove VD control funding as a category common to be wounded.

Cont. from Pg. 1

Because her character of Maye Clanning feels inse­cure about her lover, about her job, about herself, is betrayed and still overcomes it all to come out on top and that, is something that everyone gay has or is or will be dealing with all their life, plus that there has always been "the odd one", using nothing but skill, talent, and drive to get herself to the top and keep her crown firmly planted on her head for just as long as she wants to keep it.

Gays admire guts.

Another to win (and win is the right word) the devotion of fans was Lilu Tomlin. Paul Lunde. She treat­ ing, more tolerant, and interesting. She treat­ ing, more tolerant, and interesting. She treat­ ing, more tolerant, and interesting. She.
