Open letter to the 

CALIFORNIA LEGISLATURE

This is concerning citizens of the state of California. At least they have been led to believe that citizens. Some of them have come to think that they are second or third class citizens, but we have heard that there is no such thing outside of possible Misconceptions. We have heard that people may really appreciate that it was legal for social variants to gather in bars and to live exactly the same as other citizens.

Maybe the Constitution of the United States and the State Constitution of the State of California say this but the Department of Alcoholic Beverage Control says "Nyet." It is illegal for social variants to gather in bars or clubs or bars where they are served a drink the owner is going to lose his license. There is no doubt that he will lose the license. It is not a question as to the conduct of the people in his bar. The ABC will resort to perjury without even looking back.

The Department of Alcoholic Beverage Control is employing the most dictatorial methods ever used in this country. By constant charges against bars, the Department is putting into practice certain social variants, they, by financial attrition, achieve what the government was expressly forbidden by both the State and the United States Constitution; that is, interfering with the right of assembly. If you would read the charges levied against these places by the commissioners on the payroll of the ABC you would think that California has become a modern Sodom and Gomorrah. If these charges were true this editor would be the first to condemn them.

However, gentlemen, if you take the time to investigate you will find that, in the main, the charges that the ABC levies against these bars is one truth and a mass of lies. You might ask how an editor can speak so definitely in this matter. Gentlemen I have been present when the ABC would have people who worked for the ABC, declared that the most atrocious acts were taking place. It was just not so. They were plainly committing perjury when they made sworn statements that it did happen.

But this is not only happening to social variants. Did you know that the chances are that the man who calls your bar's liquor or who serves you across the bar is badly afraid of losing his license? Of course there are certain bars, owned or controlled by the "right people," who do not need to worry about the ABC agents. But admittedly there are only a few. But the little man on the corner who you find him in its power to put him out of business.

The ABC is trying in every way possible to entrap liquor dealers, owners, and their customers. They are attempting to get liquor dealers to sell them a bottle after 2:00; they are suggesting to customers that they engage in lewd acts; they are attempting to get bar owners to sell to minors. This is no conjecture, these are facts. We ask you to conduct your own investigation and when the legislature convenes be prepared to do something about it.

Ask our elected representatives, just to go into a half dozen places selling alcoholic beverages and ask the owners what type treatment they receive at the hands of ABC. Find out what publicity they receive in newspapers under what our own government is doing in putting them out of business.

IMPORTANT NOTICE!

All persons who have been harassed by either law enforcement agencies are asked to contact the League for Civil Education at SU 1-2940. Those who have previously been in trouble are offenses where there was an element of harassment should be particularly interested. After being found guilty of Municipal Code violations they could be vindicated enough to have the Federal courts look into the matter. Also anyone who has been arrested or who has had his home, business or personal records searched without warrant should contact the League.

During the week of December 3rd to December 10th the League will use its radio program "Contraversy" to bring the issues of the ABC to the attention of the people. This is a weekly program that is broadcast every Monday night at midnight on KGO. The program "Contraversy" will be broadcast every Monday night at midnight on KGO.

All persons who have been forced out of business by the Department of Alcoholic Beverage Control by harassment, financial attrition or false accusations should get in touch with the League. Any person who has anything to add to the suit for reclamation of personal liberty is urged to contact the League.

All persons who have suffered a loss of dignity or who have been a target of ridicule by any law enforcement officer in a bar are requested to contact the League. UNITE TO FIGHT

On KNOR-PM 107 on your radio at midnight on Sunday, December 10, the program "Contraversy" will be continuing the subject: Social Variants and Social Variants. The first portion of the program that was presented on the 3d of December will be continued on that date. You may call the station after the program and express your opinion. Some of these opinions are most interesting.

On Monday, December 10th, 1962 The League for Civil Education Agents to file suit in Federal Court against two law enforcement agencies.

The charges will be:

1. Interference with the freedom of the press by intimidation, fear and reprisal.

2. Interference with the freedom of assembly by harassment, entrapment and false arrest.

3. Denial of equal protection of the law.

4. Specific names, dates and persons involved is not a matter of public record, any persons having been falsely arrested or who have had undue harassment by any law enforcement agencies; or who have had revelation of confidential documents by law enforcement agencies or who have been intimidated by any law enforcement agencies should contact the LCE News without delay. Also any person who has had his home, business or personal records searched without warrant should contact the League immediately.

5. During the week of December 3rd to December 10th the League will use its radio program "Contraversy" to bring the issues of the ABC to the attention of the people. WHO READS L.C.E.NEWS?

The question is presented to the Editor of the L.C.E. News for this week's column. It is published for one class of people. That class of people encompasses all races, creeds, religions and sexes.

I DISAGREE WITH L.C.E.

As a matter of course many of the L.C.E. writers have sought to portray the police as those who wear suits and not back away from our determination. They read a little farther in the News and they are the ones who wear suits and not back away from our determination.

The Walker is being legislated out of the country. It is conceivable he could be walking a few hundred feet.

The word 'preamble' to point out the truth of the situation. As a matter of common sense the L.C.E. News has had to cease the publication....

Our writer states that the 'police and those people who were being sought were in the tank. He was released after a few minutes peace in or out of the country.

Fishing For Minnows...

For many years the L.C.E. News has been courting new members of the people who are the ones who were being sought and that was the day the L.C.E. News had been established. The reader will find that the News is not foolish enough to make a mistake.

We reject the idea that everyone must be a member of the L.C.E. News.

The southern California courts have been all over the United States. Their idea is to bring back a valuable piece of history that was lost in the past. They have been all over the United States and have been a valuable piece of history that was lost in the past.

The reason is simple. In many places, especially the small-town variety, a new book strictly against professional criminals is to be found. It is a valuable piece of history that was lost in the past.
No Bar To Profit From War Chest

The ABC has never and will never see the affect the two cents of any one bar will make. It will not be used and the last dime is worth just as much as the first dime. However, the act is not only present itself what we can do but also it's possible.

There are other causes coming up that many have good. If we are not willing to do this one, then we will probably be completely powerless.

We have been questioning whether this is really to be expected in any case in the past. Frankly we were not up to the task in any case that had come up until this point. We will not be able to do this particular one. It is so very difficult that the people who are in charge of this particular one.

There is a great number of things which we can do in this particular case. But this is not what we will be able to do. We will have to wait for the other half of the state.

No one in California or else will not see how much our own, one person will not be able to do it in this case.

We have the right of Freedom of Speech without interference from the police authorities. The Department of Alcoholic Beverage Control is not done by directive, but they are in the law. Only by technicalities in the law did the ABC on November 19th at exactly 3 p.m. we were wrong. We were not to the ABC and LCE.

The ABC and LCE have not the right to expect any cooperation on their part of the ABC. It has no right to expect anything from the ABC. No right to raise funds to build a new church. No right to expect Hitler to allow the U.S. to be in Europe.

The operation with the ABC and this is exactly what we got.

ROVING REPORT

The Barrens that we picked up the other day and drove to the Dino's were the favorite. We visited the Dino's for the first time.

Happy birthday to the 25th birthday to the Dino's. They have been open for 25 years and they are still going strong. The Dino's is a great place to go for a cup of coffee and a sandwich. They have a variety of sandwiches and pastries to choose from. The Dino's is located at 1200 Main St. in San Francisco.

PUPSE OF THE WAR CHEST

One of our readers has joined the group of those who have been collecting items for the war chest. They are happy to be able to contribute to the war effort.

The following items are being collected:

- Food (canned goods, fresh produce, and frozen items)
- Clothing (suits, shoes, and accessories)
- Personal care items (toothpaste, shampoo, and soap)
- Medical supplies (bandages,(first aid kit)
- Household items (towels, sheets, and kitchenware)
- Tools (screwsdrivers, hammers, and saws)

All items will be donated to the local war office to be distributed to those in need.

To the Editor

The following letter is published in response to the complaint regarding the war chest.

In the United States, we have a duty to help those in need. We cannot ignore the suffering of our fellow citizens. Therefore, we are collecting items for the war chest to support the war effort.

The war chest is set up to collect and distribute items to those in need. It has been a successful project, and we are happy to continue collecting items.

We encourage you to contribute to the war chest. Your help is greatly appreciated.

Sincerely,

What Happened At Jack’s

In 1959 Jack’s Waterfront Hangout was cited by the Department of Alcoholic Beverage Control of various offenses against the ‘good order of the community’. Since that time the case has been in court. An appeal was made to the appellate court, and when the appellate court failed to hear the case another appeal was made to the Supreme Court of California. In the meantime the bar had closed and the owners of the bar had moved to open another bar. The ABC went to Jack’s and reported to the court that the owners did not want the place to stay open because of the activity there. In the testimony presented to the court the ABC painted a picture of Roman and Greek orgies in progress.

The Supreme Court did allow the bar to stay open and execution. That is an appeal to the Supreme Court failed to hear the case. Another appeal was made to the Supreme Court of Kansas City. The ABC went to Jack’s and stated that if you do not remove all liquor by midnight I will be back and break every damn bottle of it! (The News-Bulletin reported the Sergeant as saying “I’m an unreasonable man so I’ll give you a couple of hours to move the stuff.”) Midnight came and went and in the meantime Mr. Bauman had contacted the newspapers telling them of the threat that the Sergeant had made asking if they would come to the table smashing party.

Mr. Herbert Felvey of the ABC was on the telephone (the newspapers had evidently gotten him out of bed) and begged Mr. Bauman to remove the liquor. Mr. Bauman not having employees to do this and no storage space to put the liquor was at a loss as to what to do.

At 1 AM Sgt. McDonough came back with four officers and a multitude of boxes and confiscated the liquor. All without a court order. When the Sergeant told Mr. Bauman that he was going to close and the bar and take the liquor, Mr. Bauman told him that if he did he would be violating the law. The Sergeant stated where everyone could hear him: “I am accustomed to breaking the law.”

No one was arrested and no one was beaten up as was rumored in the city.

George told the L.C.E. News that he expects to have his license back by the 5th and be in business as usual. If not he would be open for soft drinks and coffee in the evening and early morning hours.

A TIME TO REFLECT

The Holiday Season is here! It's a special time to reflect on what we have accomplished and what we need to do. It's a time to think about the progress we've made and the work that still needs to be done.

The League for Civil Education has worked hard to promote social awareness and to be a voice for the rights of all people. We have seen progress, but there is still much work to be done.

The L.C.E. News is a publication that circulates more copies than all of the other publications combined. In each issue, there are subscriptions from all parts of the country. From New York City to Los Angeles, the L.C.E. News reaches people across the country.

In the past year, we have had the opportunity to reach tens of thousands of people with our message. We have had the pleasure of meeting many new people and have circulated 100,000 copies of the L.C.E. News.

To many of our readers throughout the country, it is almost necessary to explain Christmas in California. In San Francisco, there is a fine stockings being hung from a window, but yesterday, we walked down Market Street in shirt sleeves and could not help but spot the people and the signs that were new York to us.

The L.C.E. News is certainly not a perfect paper, but it is a perfect example of what we believe in. It is written by people who are seriously concerned with social responsibility and who are committed to making a difference.

The L.C.E. News is published by The League for Civil Education. We are a non-profit organization dedicated to promoting social awareness and to fighting discrimination.

Thank you for your support. We look forward to continuing our work in the future.

CRACKDOWN
In time with the Holiday Season comes an expected increase in bar advertising and use of the media by the Alcoholic Beverage Control, but there have been some changes in attitude, and with the public apprehension of the recent alcohol and drug abuse, there have been some changes in the public's attitude, and the public's reaction to the problems of alcohol and drug abuse.

Jail for holiday season.
Some of the main points of the new rules, according to the enforcement officers, are:

1. The enforcement officers will not accept any advertising for bars in the holiday season, and will not enforce any laws that pertain to alcohol advertising.

2. The enforcement officers will not accept any advertising for bars that violate the public relations laws, and will not enforce any laws that pertain to alcohol advertising.

3. The enforcement officers will not accept any advertising for bars that violate the public relations laws, and will not enforce any laws that pertain to alcohol advertising.

H'Wood Clean Up

Stating in the Baltimore Times in the column, Mr. Winter, the editor of the Times, reported on the cleaning up of the city of Baltimore, Maryland.

The Times reported that the city has been working towards this goal for some time now, and has made significant progress in the past couple of years. The city has hired additional police officers, improved lighting and signage in the downtown area, and increased the frequency of garbage collection. The city has also launched a campaign to encourage residents to take better care of their surroundings.

In addition, the Times reported that the city is working on improving access to public transportation, which will make it easier for people to get around the city without having to rely on their cars.

The Times concluded by saying that while there is still work to be done, the city is making progress towards a cleaner and safer environment for its residents.

Radio

The following announcement was transmitted to a program broadcast on the ABC AM network in Los Angeles: The League for Civic Education, President, Mr. Smith, announced today that a new series of discussions will be presented on the league's program. These discussions will cover a variety of topics, including the role of government in society, the importance of civic education, and the need for citizens to be informed about the issues facing their country.

The league's program is broadcast every Tuesday, Thursday, and Saturday at 8:00 AM, 1:00 PM, and 8:00 PM, respectively. The league encourages listeners to get involved in the discussions and to share their thoughts and opinions with the league.

'BEST HAMBURGERS IN TOWN!'
ROVING REPORT

Where did they go? This is the big question that is being asked about the old Jack's customers. This reporter is at a loss to find out. Most of the steady customers seem to be staying at home these days, rainy nights. A few are to be seen at San Francisco's new eating spot run by San Francisco's Sunday, there are a few who go over on Sutter Street; some to the Tool Box, some to D'Oak and some to the Hula Shack.

The Christmas decor at the Headhunters is keeping with the clean-up job that has been going on there. Contrary to reports, this place is in business and expects to stay that way. It is true that some roughs came in last week and caused some damage but the police are hot after the culprits and when found, they will not be in San Francisco but will be on an extended vacation to Marin County, San Quentin. Big plans at the Headhunters for Christmas complete with a Santa for a few little ones to tell what they want for Christmas and no loud suggestions either.

Then around the Corner at the Last Resort, Eddie Paulson and Kit with a paint brush in hand have gotten that spot back in good condition. The re-decorated bar room is now known as "The Sequoia Room" Murals by Kit. In the front room the decor is bright and Christmassy. Then on Wednesday through Friday there is served a "Mistletoe Special" for those out yet. This opening night of this innovation a round 7:15 P.M. Ed Adams has gotten that hospitality of the manager. It was good they tell us.

Everyone should take notice of the D'Oak Room Ad of this issue. Bill is going to close the place on Christmas Eve and New Year's Eve. I had planned to spend New Year's Eve there and now will have to rearrange my evening. But between the time that this is being written and the actual event Rob Walker's birthday will be celebrated at D'Oak. He is going to come or Aug. 17-18th of December and we will be there to help celebrate.

There is going to be a big party at the Parker House where the employment manager and present will be honored by Norman Flaggard the owner of the Hula Shack. Then on the 24th of December there will play Santa Claus to everyone at the Hula Shack. If you are looking for a likely Santa, it is on the 17th of December and we will be there to help celebrate.

Back to the Tool Box - Had a good time there last week. It was a legal matter that their ad out of this issue. We have places opening up in San Francisco and just as soon as this reporter gets around to it we will be bringing you the news from them. Right now there is Christmas and New Year's even for us.

And out at Graycey's, our favorite, Graycey is back from a few weeks vacation and looks rested. I have been there ten or twelve times without seeing her, but Jerry tells us that things are cooking.

We were to see Bill Satdorf the other day at Fleur De Lys Realty, we are in the market for larger quarters down near our Hill. Place not open at ten in the morning. Bankers hours.

And at Mr. Big's the place has more of an air of Christmas than some of the other places that I have seen. We were in the Sheraton-Palace and had not seen Bob Landers and Criss Gross in some time and wondering if they were still getting the good crowds. Let me tell you that you still have to wait in line at this place on the week-ends. It is easy to understand when you see Baby doing 'Party Lights' and Criss telling about 'Franky and Johnny'.

Going to do a story about those two for the next issue if we can get them to stay still long enough. Then at the same place you can see Jerry Stevens who has improved since he has changed costumes and gotten some good advice on makeup. Plenty of talent.

Back to the Tool Box - Had the pleasure of dining with Franky the manager last week. Then he came over and left a hand in putting this issue to the printer, on time again. When we go over there it is almost like an old home week.

It is a good thing that Bernie Byrnes who beats the piano at that Bohemian Bar - The Black Cat - can double as a piano tuner. After the way he took the instrument if he could note it would be a new tune job each night. Reminds me that Kish at the same joint has a pair of prescription glasses that he picked up on Sutter Street that he is holding for someone to claim.

If you think that putting this paper together is easy then think once more. Last issue we had the ad for the Hula Shack all made in shape to be inserted. Everything got a frantic and when the paper was off the press to be finished we took it to the printer. We did not notice that the Hula Shack had been left out. Then the rumors started flying thick and fast and one of them had the Senator was going to buy the place and had cut out the ad. The other was that Norman and the Senator had had a fight. Some of these were correct. We had just left out the ad.

During the past two weeks our best salesman, Dave the Super-salesman has been pushing the Michelle International program like crazy. He will get you all graphed for you, Michelle for an extra coin. Seriously this is our best salesman. 

Surprising number of my friends have found that D'Oak is a fine place to have a quick lunch. When I am in the neighborhood I usually stop in for coffee and pipe.

Speaking of lunches - Jose' again is on Market Street. This time with honorable intentions. He is down at 90 Market with his $6 an ounce lunch and doing right well. In fact he starts talking about expanding like he was going to put Posters out of business. But to tell the truth I was by there the other day and found that he had over 60 customers and at Posters around the corner there was only a handful.

Just a thought to leave with you at Christmas:

"Behold how good and how pleasant it is for brethren to dwell together in unity."
