THE UNDESIRABLES

When and if, the Governor of the great State of Cal-
ifornia is successful in getting his budget approved by
the learned lawmakers in Sacramento, he will
be put in a position to cope with the big crime in-
crease in California.

The San Francisco Examiner, The Sacramento Bee and the
Hollywood Citizen-News (No Connection with this paper),
together with Stanley Hook, the Attorney General and Se-
cveral assorted Parent-Teachers Associations, The American
Citizen and various other reputable agents have had
the law changed in the Penal Code to deal with
these criminals.

Strange enough these people are not talking about
notes or plans to 'bijection'. These are beliefs that
derives other of life, liberty or property without
their consent. These facts of our life in the Sun-
shine State are amply covered.

The object of the various assorted busy-bodies appears
to be 'nicely', particularly when engaged in 'undesir-
ables'. This should be defined as anything that does not
fit into the picture of the way you wish to engage in
such things; or activities that seem to be too much
for those who enjoy any kind of support not add to the
economic well of the citizen.
LA OBJECTS!

Your report from Los Angeles has been of great interest and concern. You mention that you are having a number of new friends and that you are experiencing a number of interesting events. However, I would like to express some concerns about the situation.

First of all, I would like to express my concern about the safety of your new friends. You mention that they are often encountered in areas that are known for criminal activity. I would urge you to be cautious and to avoid these areas whenever possible.

Secondly, I would like to express my concern about the political environment in Los Angeles. You mention that there is a lot of excitement and activity, but I would like to express some concern about the safety of your new friends. You mention that they are often encountered in areas that are known for criminal activity. I would urge you to be cautious and to avoid these areas whenever possible.

In conclusion, I would like to express my concern about the safety of your new friends. You mention that they are often encountered in areas that are known for criminal activity. I would urge you to be cautious and to avoid these areas whenever possible.

This is a study in homosexuality by Guy Stray. He will spend many words discussing the effects of AIDS on society. AIDS is a disease that is transmitted through sexual contact or contact with blood. It is fatal and has no cure.

The Citizen's News has always stood for individual deter-

minism, as we feel that the "Nude" people who sub-

er in our society are either homosexual themselves or have close friends who wear nude. Our position seems to have fore, for in-

With this in mind, and because of our sincere belief in personal freedom, we have volunteered to seek out informa-

OKLAHOMA
The CH News has to apologize to the residents of Oklahoma City. We stated that our city was the largest in the United States in area, and this is not so. We offer, for a letter from a representative of the city, Oklahoma City, Oklahoma City, OK. Oklahoma City currently consists of 85,426 miles, and is the populated section of 369,000 persons Los Angeles for the largest city, in area, in the United States as estimated at 460, sq miles.

You will remember the latest of the 460, sq miles. Looking the thing over, it is evident that a lot of sq miles must be vacant. City added, since 1960, 328 sq miles for only 43,000 in population. This makes only about 500 persons per square mile or about 5 acres per person added.

52. Just how populous the City would be if all those who have migrated to Los Angeles and San Francisco and other cities 'live still living there. But we do not want to jost about the City being about Los Angeles.

PARKS & SEX

Going back about 30 years to the early days of LIFE magazine, one of the things that made this book a success was the graphic story of a boy and a girl on the grass in Jackson Park, Chicago. This pictorial story showed them arriving, spreading the blanket, rubbing each other with suntan lotion, and finally kissing and a little petting. Such a sexual display as this was enough to fire the imagination of the American public to buy this magazine.

PARKS IN PARKS NOW ACCEPTABLE

However acceptable ordinary petting may be to the American Public, no homosexual petting has ever been allowed in public and the day of its acceptance is a long way off.

Recently in San Francisco, Kenneth Rexroth, writing in the San Francisco Examiner noted that the homosexuals in over the place. Mr. Rexroth said that he had no quarrel with homosexuals and on the contrary was on speaking terms with the Mattachine Society and the DOB. But he complained loudly and in bitter terms as to the conduct of persons who frequented these parks.

This editor has also complained in no uncertain terms as to the conduct of these persons. I still feel that persons should use parks for the purposes intended; that is to get some fresh air, sunshine and quite possibly to make new friends in the neighborhood.

KAMARAD!

SUBJECT: CIGARETTE SMOKING AS A LEWD AND LASCIVIOUS ACT.

It has come to our attention since the creation of this agency that not only with the 'Health' aspect of smoking provide a completely new as well as lucrative branch of our department, but it will provide controls over the morals of the people to a far greater extent than ever before possible. (In German, in the days of Adolph, you will remember we did it also in the name of health, safety and welfare of the state.)

Since the Surgeon General of the United States has come out with his report we have taken in millions of dollars extra (both individually and collectively), but we are overlooking the question of morals.

1. Are you aware that a person lighting a cigarette for another person might often lead to a proposition that might entail sexual relations? This is true, for my agents have spent almost 1,000 hours in investigation and have come to the conclusion that almost without exception, the lighting of another's cigarette is a prelude to some sort of illicit act. Or if it is not true then it would be hard to prove to the contrary. And in this respect, if we made arrests for this sort of action in gay bars only then those poor fools would not have sense enough to fight the charge anymore.

Continued on Page 4 COl 1

INCREASE IN PRICE OF NEWS

We regret that we must increase the price of THE CITIZENS NEWS to the customers here in San Francisco, but our costs keep mounting and our income from the local sale of papers keeps going down.
One of the primary reasons for the arrest of the so-called 'deviates' is their presence in the parks. The authorities have been forced to take action due to the increase in similar cases. The facts of the matter are as follows:

The officer then leaves his vantage point and walks to vicitim. The fact that the officer was engaged in an unconstitutional act of spying is never entered into testimony and is virtually inadmissible.

This is merely a survey of two of the hot spots in San Francisco. It is not intended as an exposé. There is a multitude of places used by homosexuals for these purposes and we could probably name 99 percent of them, but it is not our purpose to do so. However, it should be noted that there are other places that account for a large number of arrests and these are:

1. The T Room at Lafayette Park
2. The Reservoir area on Russian Hill
3. The Reservoir area on Twin Peaks.
4. Alamo Square
5. Union Square
6. Park between Grace Cathedral and The Pacific Union Club.

Other than the laws that apply to other public areas there is a special one that applies to parks. (See 647 a-California Penal Code.)

Every person who loiters about any school or public place at or near which children attend or normally congregate (or who loiters ... dollars or by imprisonment in the county jail for six months or by both . . . .) (Continued on Page 11 Col 1)

CITIZENS OF LOS ANGELES

As citizens we are entitled to full civil rights. However, in the City of Los Angeles we are denied these rights by a police force which in all truth is taking on the same form as the Gestapo, making the City of Los Angeles into a police state, which if not stopped, will equal that which once existed in Nazi Germany.

The Chief of Police here in Los Angeles claims the city needs more police men. He is in error—then why is it you find on duty police officers sitting in bars drinking and trying to encourage customers to break the law in order to make an arrest. Here are two examples:

(1) Police vice squad personnel drink and play games such as pool with bar customers. Then they suggest playing for a beer or fifty cents, in either case this is a form of gambling which is unlawful in the City of Los Angeles. Therefore as soon as the customer plays at a play for a beer or fifty cents, this vice officer has his partner contact other police officers and the arrest is then made. As a rule one of the vice officers is arrested with the customers. This is done as a cover-up to keep the other customers from realizing that the man who encouraged the game is a member of the police department.

(2) Another example is when police vice squad personnel enter bars posing as customers and try to lure the customers into homosexual acts. They do this in a number of ways:

a. They claim to be homosexuals themselves and express a sexual desire for the customer they approach.

b. Along with this they make an attempt to put their hands on the personal parts of the customer. Under this pretense the customer is arrested and left the bar immediately. He is arrested and charged with lewd conduct.

c. If the customer strikes this vice officer, he is arrested and charged with both lewd conduct and resisting arrest.

The ball on such an arrest is set at $50.00 and you can plan on spending at least $100.00 in attorney's fees before the matter is over with and even at that, your chances of being found guilty are far better than being found not guilty. The Police will see to it.
By devoting another 1,000 hours to this most important subject, my agents have discovered that when in San Francisco, boys pack a lot of cigarettes and, in order to get them, they need to find some place down the street.

NEW ACTS FOR NEW CLOSURES

If you give just a little extra thought to these two facets of our new authority you will see that we are not going to have trouble closing these places, if they do not comply with our every wish. Examples of this might be:

- An agent pulls a cigarette out of his pocket and ostentatiously searches for his match; "he bartender noticing this will then light it for him. Voila! We have an excellent case against the actual management, for this bartender has committed a legal act. And we can prove conclusively that these acts are legal. Possibly not so legal as some acts, but nowadays the old routine of having a fruit walk out the door with an agent and then making an arrest is passe'.

These are just a few of the many that might come to your mind. Of course, there are some of the legislators who would agree with us, but I am sure that our predilection for the actual management, for we have proposed a case against the actual management, for we have proposed that he will do anything to hide their natur­al proclivity. I am sure that our efforts to find him will lead to his arrest and he will be found guilty. Of course we said that he will be found guilty, but this cannot happen to everyone, so hold on to your blessings. The bartender never would have been able to go on with his work, and the question that we had to answer about San Francisco and old friends was never answered. The crowd on the street was up and never did answer.

After the parade we went to a private party. Hollywood was there in full force, along with the royalty of the screen and the legitimate theater were there and it would cost millions of dollars in damages to mention their names here.

In line with this program, however, we might be able to make contact. The Circle, when someone has a private engagement, is able to make such an arrangement. The call rings out: "Voila! We have an excellent case against the actual management, for this bartender, for he because he has a standard payroll rate of $100 a month for beer bars and $250, a month for liquor bars. The fact that we went to one of the papers and spilled the beans was just unfortunate.

Don't worry about it because as soon as we have another strangling in the East you will all blow over. We are restoring your patience of yours a pat on the back-side for me."

Not only should you take a cab or meet somewhere downtown and get your cases, but you might have a week to drive to New Orleans and here are just a couple of lost souls who were search­ing for sex. In our own way, we at­tempted to be of assistance. Dust is just exactly what kind of characters that was spent on them was fantastic.

Mardi Gras

by Daryl Glied

We only had a week to drive to New Orleans, enjoy Mardi Gras and get back to San Francisco, so we were able to go to many of the places that we would have liked to visit.

We drove straight thru from San Francisco and $300 miles to a 100 foot stretch. Of course we aided the war effort by picking up all the service men that were hitch-hiking along the road. Except for that, the Glied School for Young men failed even more.

New Orleans on the day of the Rex Parade was wild, wild, wild. We made Drakes' on Bourbon Street our headquarters and here we are just a

Later on during the course of events I lost my companion and found a lonely, lost Mr. Daryl Glied. Miss Laura Lauri of San Francisco came to our aid. She saved me. She said: "I am just a girl who was lost in the 'Rex Parade' just like Grant Good, Richmond.

Earlier in the day, we ran into a couple of street people who were searching for sex. In our own way, we at­tempted to be of assistance. Dust is just exactly what kind of characters that was spent on them was fantastic.

In Dixie's they play a game called "The Circle." When someone has a private engagement, all the people in the place stand around in a circle and assume positions of some form of privacy. The call rings out: "Stand Tall!" If I ever hear that call ring out in the Jungle, I promise I will clear the place.

Mardi Gras was becoming so harassed that he stood on top of the piano to observe the action. Sure enough, the action transferred itself to under the grand piano.

ENCLOSURE

Mel-That promised expose' of the AIDC agent for taking a pay off is still kicking around down here. Now the boy was only taking 15 a month -from 10 places and since this was so little, it has generally deflated the annual income of my agents. I had to fire the boy because he has a standard payroll rate of $100 a month for beer bars and $250 a month for liquor bars. The fact that we went to one of the papers and spilled the beans was just unfortunate. Don't worry about it because as soon as we have another strangling in the East you will all blow over. Unfortunately for the Showboat, we had to make contact with Bob and the bartender was not sure just exactly what kind of characters we might be. In this place we were sure out to make contact.

The Plush Doggie in San Francisco is a hangout for Whores, hustlers, pimps, and punks. It is close packed with fixtures. There is no joy in Mudville, for the Plush Doggie has very nice table tops. The Plush Doggie has very nice table tops. Orange in color, they are almost 2½ inches thick and are anchored down to twin columns with very heavy duty screws. It was not a particular cold night in San Francisco, but every night here you wear a coat of some sort.

Judge Joe Brown is an old timer at the upstanding business. When he first ran for election to County Judge he had been a Justice of the Peace for many years, so when a vacancy occurred, Judge Joe would plug in every time he married someone. Later their children got to vote for Judge Joe.

When Candy Barry, one of our well-dressed girls in Dallas, was on trial for necrotica, Judge Joe got out of the picture. The Judge is a highly moral girl of goy, because he was interested in that innocent face.

A COLUMNIST WITH AN AX 

We have had thousand of requests for the names of people who would be interested in corresponding with one another. These requests come from all over the world. This column will begin making a list of those who are interested in exchanging views, experiences, and news with one another. It will be published each month. The cost will probably be $1.00 and inquiries should be addressed to Box 1851, San Francisco, California.

CHANGING TIMES

Recently we have been getting to a lot of new places. We have long been convinced that it is no longer the place that the housewives go to make contact. We were right. As far as one place that is just about as square as President Johnson, we talked to the bartender about the new type crowd his place was getting. He told us that he was not disturbed about the action because he had been here for some time but just not so much. When we asked if he was afraid of the ABC, he told us that he was going broke... anything, so what difference did it make?

HAIGHT STREET

Speaking of crosses-The people in the Heights Street district really are in the way of a crooked situation. They have an Irishman by the name of Sam'is an old meany.

The black cat is locked up right after Halloween. Any day now he is going to report that the Black Cat is locked up.

This officer has caused more ill will for the police department than any other officer in the past. He is known for furnishing the bars with Negroes in the form of spring rates. They are coming up below the line and are putting people out of business.

This one buggs bars just exactly as the old time Mexican Cop wanting a pay raise. Now he is going to report that the Haight Street district really are in the way of a crooked situation. They have an Irishman by the name of Sam is an old meany.

You will remember that Billy was the one that arranged that long back in the 1930's. When and later the Community. Seven Police-free loadners had no need to eat for a week after that one.
