Roberti AIDS Bill Signed By Governor

Sacramento Senate President pro Tempore David Roberti's measure which will initiate a state-financed Scientific Research Committee on AIDS and provide for public education about the life-threatening diseases has been signed by Governor George Deukmejian.

"...the Governor has signed this legislation... he has demonstrated the state's concern and dedication..."

The bill signed into law will address the long-term implications of this public health problem through education regarding primary prevention for high risk groups; public education to reduce panic and lessen unnecessary anxiety on the part of California residents and provide interdisciplinary or educational workshops to facilitate interchange of knowledge among investigators regarding AIDS and related disorders.

Commented Roberti, D-Hollywood: "I am pleased that...".

Lesbian promoted in Sheriff’s Dept.

San Francisco (IGNA) – A lesbian activist has been promoted to Lieutenant and will become Section Commander of the City Courts of San Francisco.

Connie O'Connor will take charge of security for the courts, the Hall of Justice and City Hall, a job that entails overseeing 75 deputies, sergeants, and transportation officers.

"Today we recognize the specific achievements of Lieutenant O'Connor, whose leadership in the department, and in the community, has been truly remarkable and an inspiration to her peers throughout the gay community," O'Connor's promotion is indicative of the tremendous talents and resources lesbians and gays have brought to our community, said Sheriff Michael Hennessey at a ceremony marking the "most extensive advance for women in the history of California law enforcement."

O'Connor was the first woman assigned to administration in the department, in 1976. A year later she made sergeant and became facility commander for the Women's Section at the Hall of Justice. She had left a career in teaching "in search of a challenging career in a field not traditionally open to women."

In her work for the sheriff's department, O'Connor developed a work furlough program for women and later, one for both men and women.

As a political activist, O'Connor has served as president of the Alice B. Toklas Lesbian/Gay Democratic Club and 1983 continued on back page

Officials urge federal prosecution of White

San Francisco (IGNA) San Francisco Mayor Dianne Feinstein has joined California Governor George Deukmejian in urging U.S. Attorney General William French Smith to prosecute Dan White under federal law.

White, the former San Francisco supervisor who murdered the city's mayor George Moscone and first openly gay supervisor Harvey Milk in November 1978, is scheduled for release from prison next January.

"But the battle against AIDS must be waged on several fronts and on many levels."

There are numerous articles and ads in this page, including a news article about a lawsuit, a feature on women's rights, and an advertisement for a masquerade ball. There are also several ads for personal care products and food items. The page also includes a political advertisement for an award ceremony and a note about a book that won an award. The layout is typical of a news magazine, with a mix of news articles, features, and advertisements.
... not grief, but gratitude
By Bill Mayer

I am writing this from a intensely personal perspective. I am the loser for my sister, who has just died from AIDS. The essence of John's life and death has had to be seen more for the meaning of life, of health, and of love.

Rather than become aware of our generally homogeneous culture, I instead became aware of the support for John as a person and for us as a couple.

We realize that the social worker, Louis Lefevre, and the emotional as well as medical support of Santa Clara County gay community that there is a need to protect oneself from AIDS. The local AIDS/KS Foundation has repeatedly pointed out that the "official" count is far from reality.

As a "San Francisco" problem, it is a "San Francisco" problem. In Santa Clara County, AIDS is a "San Francisco" problem. The local AIDS/KS Foundation has repeatedly pointed out that the "official" count is far from reality.

Many people with AIDS are being treated in the City, owing to the lack of resources. But for the most help they couldn't get a resource very familiar with the treatment of AIDS and one of the major world problems, it was clear to me that the people who planned the affair had no intention of making money.

The notion of boosting was never even raised, some of which was not even manned full-time. There was no profit motive for the affair. As a result, there was no profit motive for the affair. As a result, the notion of making money never came up.

I got the impression that the people behind getting me money at the fairgrounds really expected to make a profit. I got the impression that the people behind getting me money at the fairgrounds really expected to make a profit. As a result, the notion of making money never came up.

So I went to the fairgrounds on Sunday, Oct. 28, and saw the organizers of the farce. I put together a note for verification. Letters may be subject to editing for good taste and elimination of any material which

Looking for reasons, we all do not share in the same interests over the course of life, but do not share in public interests.

I have read, in many gay publications, writings of this type, issued by attorneys, newspaper editors, and so-called "anti-AIDS" groups in public restrooms and parks.

But the notion of making money never came up. So the notion of making money never came up.

To these people I say, get out of our lives and take your money somewhere else. This is not what gay community centered to me.

In closing, I want to say that we simply American citizens, we are not American citizens. We are not American citizens. We are on our own.

I have seen as much as $200,000 made in rive hours; and I won't go back. I, for one, have seen our rights breached. I have seen as much as $200,000 made in rive hours; and I won't go back. I, for one, have seen our rights breached.

It is wonderful to hear and film audiences in recent works like "The Boys of Summer" and "The Water Geronimo" did not know that we are as varied and as complex as anyone else.

To distinguish ourselves from others, to join with allies to work toward common goal. It is wonderful to hear and film audiences in recent works like "The Boys of Summer" and "The Water Geronimo" did not know that we are as varied and as complex as anyone else.

October means Columbus Day and all the usual festivities. But in these days, when Schoolchildren all over America are studying the history of the discovery of America, to carry on that tradition it is good to remember that the real hero was not Columbus but a New World

Alcoholism
Late Stage
The past two columns have been devoted to the early and middle stages of alcoholism. This column will discuss the severe, or late, stage of the disease.

The alcoholic no longer has the desire to stop drinking. This specific reason is now needed to drink. Anytime, anywhere, at any occasion is a reason enough. Eating habits have now almost completely disappeared, and when, once again, normal eating habits appear, they are at first only a stage to be anticipated. If the alcoholic can purchase additional tickets at the door, the treat will be repeated at the end of the evening. Please join us for this gala evening. More information on the ticket, please and arrive at the church for a gala evening. Tiffany and Company, Empress of San Jose, and Jack. Jobs at the dance.

The alcoholic continues to occasionally go “on the wagon,” but the duration of abstinence is now a matter of days. The alcoholic may act, in a manner, as if he were still drinking. Alcoholism does not mean you cannot drink again. The alcoholic wants to drink at all times, lasting from as little as a day to as much as several weeks.

The bigger the price of a purchase, the bigger the regret if you run afoul of the warranty. And, the bigger the purchase, the more likely you'll have some emotional baggage with the thing you're buying. You don't want to be embarrassed if you have to return something in a few months and you've gotta have $10,000 worth of stuff. Your local dealer can build a wall of change if he thinks that's a good idea. He may also need a car. But you may not want to buy a car. And, just as that pretty little sports car may have all the appeal for you, it may not have been lullled into believing what it's worth. As in any other transaction is to know what you're buying and with the status of your car? Dealers love options. They offer what it's worth. National AIDS Study
San Francisco (IGNA) Over fiv­
teen million dollars in govern­
ment funds has been awarded for
a study of asymptomatic and
healthy homosexual men in a
long-term effort to discover the
causes of AIDS and to detect its
earliest signs.

Of this, nearly $6 million has
been awarded to researchers at
the University of California cam­
puses in Berkeley and Los An­
geles. Each of the California
groups will follow the lives of about 1000 gay
men over the next four years to at­
tempt to discover clues to the
deadly acquired immune deficient­
syndrome.

The research epidemiologists
will study the men's lifestyles and
psychological makeup and collect
specimens of blood, semen, and
urine for critical studies of their
chemistry, their virus levels, and
the status of the subjects' bodies' im­
mune systems.

Similar research will be con­
ducted at Johns Hopkins University
in Baltimore and the University
of Pittsburgh and Northwestern
University in Evanston, Illi­
nois.

These cities were deliber­
ately chosen because the in­
cidence of AIDS is extremely high in
San Francisco and Los Angeles, low in
Pittsburgh and Baltimore, and
low but rising in Chicago, ac­
cording to federal officials.

In San Francisco participants
will conduct 10-19 tracts of the city with the heaviest
concentrations of gay men, areas
where most of the city's 271 AIDS
cases have been reported so far.

Two hundred non-gay men
selected from the same areas of
the city will be given similar
mailing lists for future
information about elections and
candidates.

Gay rights supporters are invited to participate,
regardless of their sexual orientation. Gay rights is
a human rights issue which should concern us all.
