The emblem for Force V reads "Brotherhood, Sisterhood, Action, Good Will, and Charity." That's what Force V is all about according to Joe Norman, current president of this incredible group. The Sixth Annual Force V Awards Dinner took place in Mountain View. A no-host bar got everyone off to a good start, good food followed, and a gala show rocked the night. Those lucky people in the Bay Area who were selected for the 1984 awards were: Sisterhood - Janice Bronco; Brotherhood - Andy Cunya; Good Will - Ted Logan, Dick Temple; Charity - Mike Bronko; Action - Bob Gotthardt.

APA establishes Gay/Lesbian Division

Washington D.C.-The American Psychological Association (APA) has established a new interest-area division, the Society for the Psychological Study of Lesbian and Gay issues, effective January 1985. Approved by a two-thirds vote of APA's governing Council of Representatives in August, the new division marks continued recognition by psychologists of the importance of research about lesbian and gay issues, and of the need to provide better and more appropriate mental health services to gay and lesbian clients.

In past years, APA has passed policy resolutions supporting gay and lesbian civil rights and the declassification of homosexuality as a mental illness. Almost ten years ago, the Association urged the enactment of gay civil rights laws at the local, state and federal levels, and condemned public and private discrimination in such areas as employment, housing, child custody, public accommodations, and licensing.

The 60,000 member Association has called for all mental health professionals to take the lead in removing the stigma of mental illness that has long been associated with homosexuality.

APA has also been the only professional association to consistently fund a Committee on Gay Concerns, which has been a regular part of the APA governance structure for the past five years.

In addition, the Association has filed amicus briefs in important civil rights cases before the Supreme Court involving gay defendants and plaintiffs.

With the establishment of the new division, APA will be able to broaden the psychological focus on issues of importance to the lesbian and gay community. The new division puts the study of gay and lesbian issues on par with other areas of psychological activity such as educational, clinical, and experimental psychology and the psychological study of social issues.

San Francisco psychologist Stephen F. Morin, Ph.D. was elected president of the new division.

He noted that about half of the division's 500 initial members are gay or lesbian, while the remainder are not themselves gay but are specialists working on gay and lesbian concerns.

Dr. Morin noted that establishment of the new division will provide psychologists knowledge about gay and lesbian issues with the opportunity to be represented on APA's governing Council of Representatives, and will be allocated program time at the Association's annual convention.
FDA Bottleneck in AIDS Fight

U.S. Senate Alan Cranston (D., Calif.) warned that the Reagan Administration is prepared to “fudg" the Agency funds Congress appropriated for the agency under the current budget agreement. Cranston, who offered the amendment, said that the Administration wants to "fudg" the Agency to keep the 1985 fiscal year funds Congress appropriated for the agency under the current budget agreement.

Cranston said that the Administration wants to "fudg" the Agency to keep the 1985 fiscal year funds Congress appropriated for the agency under the current budget agreement.

The Administration had no comment on the Senator’s remarks.

National Black Lesbian/Gay Conference Planned

Washington, D.C. - A national conference, tentatively scheduled for Oct. 19 and 20 in Washington, D.C., will focus on issues affecting Black lesbians and gay men, according to plans filed with the National Conference for Black Lesbians and Gays (NCBGLG), a local Washington, D.C., organization.

The event will be held in conjunction with the National Conference on Lesbian Rights (NCLR), and is a direct response to concerns raised by NCLR members and organizers of NCLR.

Many individuals have been concerned that NCLR needs to accommodate a national conference for Black lesbians and gay men, and that this conference should be a national Black lesbian and gay conference.

In addition to the conference, the National Conference for Black Lesbians and Gays (NCBGLG) is working on a national conference for Black lesbians and gays in the Washington, D.C., area, which will focus on education and the development of educational materials for distribution at public education events in the Black community.

The conference will be held in conjunction with the National Conference on Lesbian Rights (NCLR), and is a direct response to concerns raised by NCLR members and organizers of NCLR.

HRF’s new co-chairs

Vito Stuppi, Executive Director of the Human Rights Campaign Fund (HRF), announced the election of David Carson and Vivian Shaplin as co-chairs of the Campaign Fund’s Board of Directors.

The HRF is a political action committee that assists congregational candidates who are committed to the support of gay and lesbian civil rights. The organization plans to work on behalf of all citizens, to promote human rights and individual freedom.

Mr. Carson, a native of Los Angeles, is a fundraiser for many gay and lesbian charities and an executive and artist. He is a member of the board of directors of the National Gay and Lesbian Task Force and the National Gay and Lesbian Task Force.
