THE SLATE

BAYMEC Candidate Recommendations

In the following selected races, we recommend the following candidates for their opposition to gay and lesbian issues. Recommendations are based on candidate response to a questionnaire, telephone interview, and other information.

BAYMEC encourages you to cast your ballot in all races, particularly in the important school board elections. Less than 10 percent of all registered voters turn out in off-year elections, so the gay lesbian community can make an enormous difference.

Election Day is Tuesday, November 5. You may take this information with you into the voting booth.

Clip this Slate of Endorsed Candidates and take it to the polls with you on November 5.

Contribute to endorsed candidates on behalf of BAYMEC. In turn, BAYMEC will make contributions to endorsed candidates on behalf of the gay lesbian community.

Compassion is evil, compassion without power is useless. Lesbian people in Massachusetts today because last month people. accommodation based on sexual orientation. We must ask ourselves why legislators would vote to retain irrational education. For years the legislators have been bombarded prejudice as a public policy. with pamphlets and brochures, quiet lobbying sessions, congressional "ignorance" that stalled civil rights...

**Where It's At!**

By Dee "Jean" Jones

For trivia buffs: Did you know that Halloween (with the apostrophe) has got to be the most fun day of the year? It's that whole bunch of parties being held by the kids at the end of October and the night before. It's a real can't-miss day for everyone. But how much do you really know about Halloween? Let's take a look at some of the things you might not have known.

Halloween was originally a pagan celebration falling on the last day of the Celtic calendar, October 31st. It was the time when people believed that the dead had the power to return to the world of the living. This was a time when people would light bonfires and make offerings to the spirits in order to protect themselves from the supernatural.

Halloween is a time when people dress up in costumes and go trick-or-treating. The tradition of dressing up in costumes is believed to have originated in the ancient Roman festival of Saturnalia, which was celebrated in the month of December. During Saturnalia, people would dress up in masks and costumes to celebrate the end of the harvest season.

There are many different types of Halloween costumes, ranging from simple ones like ghosts and witches to more elaborate ones like lifelike depictions of famous people or characters from movies and television shows.

Halloween is also a time when people enjoy various types of food. There are many different Halloween-themed foods, such as pumpkin pie, Halloween-shaped cookies, and Halloween candy. In addition, many people enjoy making Halloween-themed cocktails and drinks.

So, if you're planning to celebrate Halloween this year, be sure to check out some of the fun things to do and see. Whether you're dressing up in a costume, going trick-or-treating, or simply enjoying some Halloween-themed food and drinks, there's something for everyone to enjoy on this special day.

Gay Games II:

Gay Games II was scheduled for Aug. 9-17, 1986, announced early this year. Emile Cuena, Jack Campbell, and his partners at the Gay Games board of directors, have given a commitment to the health of the gay community as a major reason for their continuing interest in the Gay Games. "The Games are an event that represents the very best of what we are," said Campbell, who is a member of the Gay Games board. "We hope our sponsorships will encourage all gay business people to support Gay Games II as local athletes who want to compete in the Games." Dr. Tom Waddell, founder of the Gay Games, welcomed the sponsorship. "By promoting health, the new Clubs will naturally promote more interest in the Games," said Waddell, who is a member of the Gay Games board. The Gay Games II are held for the Gay Community, and these sponsorships are indicative of their continuing interest in the well-being of our gay community.

The Gay Games II will include 18 different sports, a cultural festival and spectacular opening and closing ceremonies.
