Imperial AIDS Foundation to disband

by Ted Sahi

(Reproduced without editing as Imperial AIDS Foundation to disband requested by the author)

The Imperial AIDS Foundation will close its doors in the coming months as soon as its existing funds are depleted.

According to Yolanda Perez, President who told Our Paper "We will be working with AIDS/ARC patients through local organizations... Arts and the Shared Housing Project in San Jose.

Our Paper has learned that Imperial AIDS Foundation has been experiencing problems with the largest of its directors for which no investigation has been investigated for charges of business expenses.

In an interview with Yolanda Perez, President of Imperial AIDS Foundation, the organization answered charges of alleged mismanaging of its funds to the satisfaction of San Jose City Francis.

With all that, Perez a message to the gay/lesbian community about the Imperial AIDS Foundation: "We hope," said Perez, "that our effort gave those of our gay brothers suffering with AIDS/ARC peace of mind who came to us for help. Sure we lost some and we'll lose more in this terrible epidemic."

"At present 253 cases of AIDS have been reported in Santa Clara County with 141 deaths. Our work is only just beginning, AIDS has finally caught up with us here in San Jose, new cases are being diagnosed and the names are close friends.

"As all of you know," continued Perez, "the Imperial AIDS Foundation Board and its volunteers have worked very hard since June of 1983; to be able to help our gay brothers with AIDS/ARC in San Jose."

"We hope," she said, "that our effort gave those suffering with the disease peace of mind."

"If another group forms to take models for lesbian gay youth to assure our understanding of our community's goals and future."

We are committed to acting as models in our personal lives; the only way we can get our message out is to share experiences and to encourage prospective candidates—each conference has also developed action to be taken collective.

In November 1985, at West Hollywood, we sent a letter to the Centers for Disease Control outlining "our conviction that AIDS demands an aggressive, coordinated, and speedy search effort."

In March 1986, we met with Speaker of the House, key committees in both the House and Senate, and top public officials of the Reagan administration on an AIDS lobbying mission.

In November 1986, we supported the call for a National March on Washington at our second conference; we will be masters at the March in 1987.

We renewed our lobbying in March 1987 when we obtained a National League of Cities priority on the issue of AIDS—again we lobbied our own delegations.

Just last October 11th, nearly all of us participated in the March on Washington for Lesbian and Gay Rights.

As elected and appointed officials, we have a unique opportunity and responsibility to serve as teachers within the institutions of government.

We intend to give our perspectives on what is needed by the people who live in our country, and to demonstrate to our own community that we will always obtain more by reaching for what we need rather than settling for what we can get.

Once again we appeal to the American people to reject personal prejudice as public policy.

Instead, we ask them to embrace a vision of America which includes as equal partners, white people and people of color, men and women, those who hold differing religious views, and people from many lands.

We ask not only to be seen and heard, but also to be acknowledged for the work we are doing to provide fair and effective government, and to be supported for those who risk our lives for gay and lesbian people be given the respect and justice we deserve.

We will assist one another in our election and fundraising efforts and will encourage and actively work for the election and appointment of openly lesbian and gay officials, especially people of color.

We, as elected and appointed officials, are committed to using our positions, our abilities and our power to change laws and lobby colleagues to shape a just society.

To that end we recognize that the 1988 elections are important to the future of our lives.

We, as a body, will not endorse one candidate for President, but we will establish realistic expectations which will be the litmus test for our support for President, U.S. Senators and Representatives.

Our families and our relations are always an important part of our lives—our commitment to full equality for gay and lesbian people, we support domestic partners legislation as provided in West Hollywood, Baja California, and Santa Cruz, California, and other measures for the legal recognition of our families.

We are committed to acting as models for lesbian gay youth to assure our understanding of our community's goals and future.

We call on the implementation of non-homophobic, non-racist, non-sexist school curricula, and the expansion of teacher training to include sensitivity to the needs of lesbian and gay youth—we are also deeply concerned that children develop a healthy and positive attitude toward sex and their sexual identity.

As parents and care-givers, we demand equitable treatment in the adoption—we support efforts to serve love without a loving and nurturing environment, which we believe is the only appropriate test of a home.

We support equality for wo-

men, including economic justice, passage of the ERA and reproductive freedom—we reject racism and in our community.

We say that we are at a turning point in our personal lives an in the history of our community.

We say that the 1988 elections are important to the future of our lives.

We, as a body, will not endorse one candidate for President, but we will establish realistic expectations which will be the litmus test for our support for President, U.S. Senators and Representatives.

The National Conference of Lesbian/Gay Elected/Appointed Officials

The National Conference of Lesbian/Gay Elected/Appointed Officials is a resource, planning and support network including lesbian and gay elected and appointed officials from across the United States.

We continue to be a diverse group, we are male and female; Republican and Democrat; urban and rural; local, state and national; white people and people of color; our life partners are white people and people of color; our life partners are our partners as we continue to work together.

We believe that we can make a difference in our personal lives and in the personal lives of our communities.

We believe that we can make a difference in our personal lives and in the personal lives of our communities.

We believe that we can make a difference in our personal lives and in the personal lives of our communities.

Short stories with a mystery theme are being sought for a Queer and lesbian gay anthology. The work is to be compiled by Michael Nava, whose book The Little Death was widely praised by both gay and mainstream reviewers. Nava explained that he is publishing this anthology in order to "encourage writers of all levels to throw a hat into the ring and have a go.

"I want to offer the writer a chance to develop gay and lesbian characters and themes, without having them become the main focus of the stories," said Nava. "This is not going to be a "downer" anthology. In fact, no one should be "down" about this project.

ARIS will distribute $17,400 to six organizations at a special reception held in Washington on November 10, 1987. The funds were raised by the benefit concert, "Let Freedom Ring," produced by ARIS at DAR Constitution Hall on October 30, 1987.

CHAIN LINK CHILD

"Growing up a minority in your own backyard".

Focused Aug. in S.F. isles, where an American whose genitorial signature in his skin had stripped him of Constitutional guarantees from 1942 to 1983, "the years that will be in infamy.

Now, how free would you be if your grandparents had been held that document hostage while more than 110,000 Japanese Americans were forced from their homes into chain link camps, the most famous of which was Manzanar.

Probably the only thing more than the sense of place that the nation had not learned from its mistake; the only thing worse than growing up in your own backyard, growing up in your own home.

Yet this is the condition of more than 600,000 Americans under the age of 18, in California.

For victims of homophobia, the Constitution remains the homogenous terrorisms from Fashle to the majority justices of the 1986 Supreme Court, impaired patriots who view separation of church and state with Old Yuma- ment ascension. The Great Charter of the present plumes the avenues of parents with Judeo-Christian roots, commissariating Manzanar as a national abominatic memorial.

Communication
By Marcia Hunt, PhD

Although living in a romantic love relationship with another person can be one of the richest and most rewarding of all human endeavors, the most complex and challenging aspect of that relationship is probably communication.

What is usually involved in most communication problems is poor listening skills and the lack of an effective method for settling disagreements.

We may be so intent on communicating effectively with another human being that we never take the time to listen carefully to what the other person is saying. We may simply have a desire to communicate our side of the issue, the content level and the feeling level.

To communicate effectively with another human being, the greatest amount of effort and dedication.

It takes a great deal of patience to create such an accepting environment where communication is possible. In good communication you create a context in which your partner will be open to hearing you and really hear you.

Failure doesn't mean I have accomplished nothing for each of us in a most special way. "Oh, How Important We Are To God!"

Saying something like "I feel you're being ridiculous by acting that way" is much better than "You're acting silly by doing that thing."

If your partner responds by invalidating your feeling, it's really heard.

"All important" point will be completely lost on them.

On November 28, the Landing featured a group called "Way Out West," led by the "Best Woman" Donna, who is the band leader. The band played at the Gay Freedom Day Celebration in San Francisco and for dancing at the Gay Kneads at Rowell Ranch this past summer.

From the reaction of the crowd dancing in their cowboy/cowgirl garb, the band was the hit. Check them out on December 5th, 11th and 19th—Get On Down!

Yes, Virginia, the band does still play on

The third annual Christmas Gala and Dance Along Macaracker will be sponsored by the San Francisco Band Foundation at the GiftCenter Penthouse, 388 Market St. San Francisco, on Sunday, December 20th.

The San Francisco Band Foundation is comprised of six exciting, individual performing groups. City Swing and Gay Wilson, The San Francisco Top Troupe and The Foul Minority have performed in site, in clubs, concerts and events throughout the Bay Area to reviews of "delightful" and "wagglilion," and our own "Manhattan Transfer.

Let's not forget Davis Hall, the Civic Auditorium, the Venetian Room and, the biggest event of all, the annual parade featuring the "perfect slate," fanistic steps!" San Francisco Gay Freedom Day Marching Band and Twilight Corps.

The Foundation has represented San Francisco at Expo '86 in San Diego, Houston and Washington, D.C.

Special guest performers already committed to appearing at the Christmas concert include award winning comedians, Maria Cones and Danny Williams.

Other entertainers tentatively scheduled are Sharon McGar, Sandy Van and members of the Physique '86 bodybuilding group.

Reserved seating for this 6 p.m. event is limited with ticket price of $22 for the main floor (4 to 6 p.m. event is limited with ticket price of $27). First come, first served for small side or through the Foundation Box Office (415) 421-5619. General admission tickets are $15 and $10 and are available at headlines.

The event promises to be an exciting one, with tutu rentals on hand for you to dance along with The Nutcracker, big band dancing immediately following the concert, and a Pre-Show Purchase Reception prior to the event (4 to 6 p.m. with champagne, catered buffet, special entertainment and a ticket price of $100 per couple includes reserved seating on the main floor.)

Join Jims from the board over 10 years ago. His dream was to find a permanent home for the organization and to create a center for performing arts. Jon has already succumbed to AIDS before the dedication of the Jon Sims Center for the Performing Arts.

And the band still plays on.

African Night (Nov 25-Dec 21) You don't have your Christmas presents. Make them. You are a fountain of creative energy and beauty. Apply this moment to what you do, and you can accomplish very personal and very important things. I feel that you will be the life of the party.

Captives (Nov 23-Dec 21) Keep your eyes open. Someone is getting smart. Somebody is about to ask you something. You are feeling insecure. Keep your chin up but it would be difficult. This could mean a serious tumble of some importance. Are you ready for this? Either way, whatever you do.

Getting gifts from a loved one in the midst of the holiday season is hardly big news or anything. But you are a ram and you know it. The people you love are the people you love.

While George Washington was in the White House, he was thought to be in one of his many mistresses' beds. Somebody is going to ask you something. You are feeling insecure.

Love is no secret anymore. Some people are getting ready to be involved in any and all of these. Feeling secure at home gives you the freedom to go out—far out.

You could look away from those who are fascinating with you. To make it grow. In fact, the whole process of turning something good and something bad into something else. What you would.
