Cuban Gays Lose Waiver

President Carter's indecision on the political status of Cuban gays has caused a lengthy debate. Cuban officials have maintained that the refugees were homosexuals. However, San Jose officials have maintained that many of the refugees were homosexuals. One reason for such an exodus, claim gay Cubans in the United States, is the reintroduction of repressive policies against homosexuals in Cuba. A lengthy June 8 article in The Sentinel. The gay rights movement was dealt a painful setback last week as the anti-gay initiatives were defeated in both San Jose and Santa Clara County.According to a SCVCHR spokesperson, including statements that the measures would mandate homosexual employment and housing, while the Davis measure, though not specifically outlawing homosexual activity, would have banned discrimination against homosexuals in employment and housing. The female crew members are part of a crew of 375 aboard the USS Norton Sound. The vessel was one of the first to accept females under the Navy's Women at Sea program. "Homosexual activity will not be tolerated," the Navy spokesperson added, "and any member who is determined to have attempted, solicited or engaged in homsexual acts shall normally be separated from Naval Service."

At Family Conference

Vote follows dramatic walkout by 40 'pro-family' delegates

The first White House Conference on Families voted to oppose discrimination against homosexuals. The conference, attended by 300 delegates and an equal number of observers, was held in Washington, D.C. The conference was convened by Jimmy Carter to discuss gay rights issues. The conference was divided into two main sections. The first section dealt with the rights of gay men and women, while the second section dealt with the rights of lesbians and gay men. Pennsylvania
Sodomy Law
Ruled Unfair
(Philadelphia) Pennsylvania's sodomy law discriminating against homosexuals is an unfair practice, the state Supreme Court ruled last week. The court applied the state's anti-discrimination law to a case in which the law was applied to homosexuals. The state's upper courts had upheld the law, but the state Supreme Court overturned that decision. The court ruled that the law discriminates against homosexuals because it is based on gender identity. The case was brought by the American Civil Liberties Union on behalf of a homosexual couple who was denied a marriage license. The court ruled that the law is unconstitutional because it discriminates against homosexuals.

Protest Over Service For Gays Killed in American Wars

A memorial service at Arlington National Cemetery honoring gays who died in American wars has set off a conservative backlash involving both Congress and the White House.

Those protests were encouraged directly by Pentagon officials who contacted veterans groups and conservative members of Congress in an effort to bolster opposition to the ceremony, sources close to the Pentagon said.

The Service for Gays Killed in American Wars at Arlington National Cemetery was to be held May 30, prompted immediate protests from the American Legion and congressional questions about White House interference with military officials on behalf of gays.

Breakthrough on Immigration Remains Elusive

A new law signed last month that grants amnesty to illegal immigrants in the United States has not yet led to any significant breakthroughs in the long-stalled debate over immigration reform.

The law, which provides a path to citizenship for about 3 million illegal immigrants, was signed into law by President Reagan on February 7. Since then, there has been no significant progress in efforts to pass more sweeping legislation that would address the larger issue of illegal immigration.

However, there have been some tentative steps in the right direction. For example, Congress has signaled its willingness to consider legislation that would provide a more permanent solution to the problem of illegal immigration.

But these efforts have been met with resistance from a variety of sources, including the Bush administration, which has expressed concern that any legislation would be too lenient or would allow too many illegal immigrants to enter the country.

A recent study by the Pew Research Center found that a majority of Americans support some form of immigration reform, but there is widespread concern about the potential costs of any legislation.

Moreover, there are significant differences of opinion on the issue among different groups within the United States. For example, there is strong support for immigration reform among Hispanics, but opposition from many conservatives, who see it as a threat to American culture.

Despite these challenges, there is some optimism among advocates of immigration reform that a breakthrough may be possible in the coming months.

In the meantime, however, illegal immigration remains a pressing issue that continues to divide the country.

Invitations Extended To Anderson, Reagan, and Mondale

by John Shrock

The Parade Committee, despite the recent defeat of the gay rights initiative on the June 5 ballot, is planning a larger celebration for the gay freedom day parade this year.

The State Assembly races in November will match Democratic incumbent Art Agnos against GOP nominee Larry Jenkins in the 16th District, and Republican incumbent Marge Markey will face off with GOP challenger John Ray McCallister in the 17th/Capp Court race.

The people had a choice between Biblical morality and human rights. When 75% of the voters opt for tolerance, we can protect people who are invisible and despised."In fact, Britt notes, "the gay forces in Davis didn't expect to win. They just wanted to bring the issue of homosexuality to their neighbors and demonstrate that gay men and lesbians are productive members of the community."

Elsen Prince made her own kind of history last week as the first openly gay entertainer to perform in Guerneville. She was welcomed by locals, who retorted to give her a packed house on Locals' Night, a sure sign of changes in Guerneville.

The action was not last weekend at the Russian River Resorts in Guerneville. Despite a display of bad taste in gay jokes over the mike, most gays enjoyed the fast-paced show in the arena.

State Department Begins Review of Hiring Policy

By Larry Mort

The State Department has launched an internal review of its gay-hiring policies, with some officials warning that the move will prompt a legal challenge by applicants. The review was prompted by earlier State Department internal forces and a decision by President Carter to ban gay discrimination in federal agencies.

BUSH: Gay discrimination is illegal

The review could be part of a broader effort to implement Carter's directive, which would impose that requirement. If the State Department continues its anti-gay policy, which has resulted in several universities withdrawing from State Department recruitment programs, would be subject to challenge by Carter's Special Prosecutor, an independent agency. That challenge could be mounted by applicants as well as current employees.

THE ROLE OF INTEGRITY IN AN IMMORAL WORLD

BRUBAKER

By Richard Benjamin

Opens June 20 at the Alexandria.

To see Brubaker's story is to be reminded of that time in the American social theater when the side of the stage was the stage and the audience the other room. Brubaker, the new version, has the roles reversed. The stage is the people's house, the audience the place to hang out and watch the game. Brubaker is the audience, the street the stage. The central figure is Bud, a straight reformer who, when he has a little too much of the world, integrates the program into his own life. The film is a metaphor for a world that has lost its way, a world that needs a new set of rules. Brubaker's world is a world of integrity, a world where the truth is the only game in town. The film is a reminder that, in a world of lies, the only way to win is to tell the truth.

The Village People: No Message?

by Dave Barry

The great American Village People is composed of Randy Jones, J. R. Jones, Randy Jones, Randy Jones, Randy Jones, Randy Jones, Randy Jones, and Randy Jones. The group's name was inspired by the discovery of a new planet called Vandamenta, which many people believe is inhabited by beings with a remarkable resemblance to Village People. The group's music combines elements of disco and rhythm and blues with the quirky charm of the turn of the century music hall.

I asked Randy: 'Is a Village People show like an art show?'

'No, it's not like that,' he said. 'It's more like a magic show.'

I asked: 'Are you performing in any gay clubs?'

'Oh, yes. In fact, we're doing a show at the Village People next week.'

I asked: 'Do you think Village People will become popular in the United States?'

'Oh, I don't know. It's a very difficult market.'

I asked: 'Are you planning to go on tour?'

'Yes, we're planning to go on tour in the United States next year.'

I asked: 'What kind of tour are you planning?'

'I don't know. It's very hard to say. We might do a show in every state.'
