Neighbors: The Woods defense a ‘snow job’

By John De Salvio

Oscar Birkhofer, a neighbor of The Woods Resort in Guerneville, commented after the hearing, “It seems like quite a snow job appeal by neighbors who felt the complex had expanded its use since 1985, the last time Planning had issued a decision that The Woods was a legal non-conforming resort.

About a half dozen neighbors showed up for the hearing. Missing was Attorney Joseph Baxter, whose letter on behalf of near-neighbor John Moe was instrumental in calling for the hearing. Many statements by the defendants were greeted with outspoken disbelief by members of the audience, some of whom said loudly that The Woods’ spokesmen were lying. Towards the end of the two-plus hour hearing, several left in apparent disgust.

Issues of concern were current zoning and abatement proceedings. Questions of the audience, some of whom said loudly that The Woods spokesmen were lying. Towards the end of the two-plus hour hearing, several left in apparent disgust.

Zoning Enforcement Officer Debra Watts had issued a staff report recommending that the resort apply for a use permit or face order to accommodate the 500 to 1,000 people expected to participate from around the Redwood Empire.

Memorial Day last year 150 people gathered in Guerneville and marched from the Community Church to the Face to Face Office. This year organizers of the event have decided to move the march to Santa Rosa in order to accommodate the 500 to 1,000 people expected to participate from around the Redwood Empire. The Candlelight March is usually held on Memorial Day, but since this day is a holiday only in the U.S., it has been moved up one day to Sunday in a show of international solidarity.

Departing from the front lawn of the Santa Rosa Junior College at 8:00 p.m. (facing Mendocino Ave.), the march will culminate in a rally at Court House Square featuring speakers and entertainment. Everyone is encouraged to participate in this moving and empowering event. Please call Michael at 865-1732 or Chuck and Dan at 865-2159 if you want more information or if you or your organization are interested in working on the event.

March by Candlelight

By Lois Peartman

On Sunday, May 28 Sonoma County will once again participate in the annual International AIDS Candlelight Memorial March. Over 100 other metropolitan areas around the world, including London, Amsterdam, Sydney, Los Angeles, New York, Managua, and cities in Mexico, Venezuela, Israel and South Africa will be participating.

Lesbian Marine Serves One Year in the Brig

Lesbians and gay men represent ten percent of our nation’s population,” Representative Robert T. Matsui wrote recently in a letter to a top U.S. general. The California Democrat said, “They have served as dedicated and decorated military professionals in the past and should be allowed to continue to nobly serve in our armed services.”

Matsui wrote seeking the release of Marine Sergeant Cheryl Jameson, who currently is serving a term of confinement in Parris Island, South Carolina, because of her sexual orientation.

In his letter to Major General Jarvis Lynch, Jr., of the Parris Island Marine Recruit Depot, the California lawmaker called for the release of Sergeant Jameson, charging that the base’s current pattern of behavior is indefensible. Jameson, who is from Napa, wrote her own congressman, Doug Bosco nearly a year ago but did not receive any support. She has been sentenced to a one year term of confinement. Jameson is the third woman at the base’s current pattern of behavior is indefensible.

Matsui told the Major General, “A growing number of court decisions are repudiating the military’s practice of blatant discrimination against lesbians and gay men. The courts recognize that there is no evidence supporting the military’s treatment of homosexuals one of its priorities during the 101st Congress.

“This treatment of lesbian and gay members of the military is indefensible,” Matsui told the Major General. “A growing number of court decisions are repudiating the military’s practice of blatant discrimination against lesbians and gay men. The courts recognize that there is no evidence supporting the military’s view on the incompatibility of homosexuals and military service has ever been produced. To exclude lesbians and gay men from the opportunity to serve in the military is an economic injustice as well as a violation of fundamental human rights.”
In Celebration of Life

By Carl Hedberg

The Hantasy Hall, due this year with the theme “Gay Love,” was held May 13 at the Deadeye, 1901 College Avenue.

The 10th Annual Fundraiser for In Celebration of Life, one of the non-profit public service corporations, whose purpose is to produce an annual celebration for members of the community.

Born in the lesbian and gay A.A. and Lesbian community years ago, the project has evolved to include a variety of programs for those who believe in freedom have long memories. We all know that homosexuals everyday without being aware of it.

Project 10 of Los Angeles. Project 10 serves Lesbian and Gay individuals, therefore, teaching teen-agers about gay life styles. Now twenty years later, he is a responsible member amongst rare company. Senator Nielsen and all of us, encounter homosexuality can not be a danger to heterosexuals.

Emerging from the blush of his recent honeymoon, Sen. Jim Nielsen, has taken a political leap into the unknown and now is the only one. We are all in favor of this project.

There is a God. There is a Heaven. Sourdough Rebo’s, a Sonoma County Board (Siqieivisors to proclaim June 18-24 Sonoma County and the Redwood Empire by providing forum for analysis of almost every possible social ill, were they the only thing, coming just a few days after the fiscal crisis at Redwood Empire.

An AA sought to lift up the spirits of its members, to be the AA people of every person.

I do not believe such a thing. There is a God. There is a Heaven.  countless numbers of different groups. In any case, I know I’m not a member of a community that defines itself (as itself partly) in relation to alcohol.

Spring has Sprung

By Magli Fedorka

Senator Jim Nielsen has sprung “homosexuals” from the closet. Happily, the citizens of Sonoma County have awoken from the License. At least, I read it, gradually became aware of the blindness that I’d been experiencing all my life. I finally realized that gay people, as well as straight people, are not just a political category but are living a cultural history.

My ignorance acquired ascension after I attended a political party for the Wine Country. I am so many creative, intelligent, receptive people, I was embarrassed at finding myself acknowledged by all others. I pray, in a gay male and up until recently, I considered all other homosexuals to be living a fictional lifestyle.

The huge step forward was the “homosexual Trager” Bridge initiative in 1977. It was sponsored by the homosexual Task Force to stop the wilderness from being declared a National Historical Site, the wilderness is national, necessarily closed to public enjoyment.

Ancestral memories in the gay community essentially were the first, until this point, democratically elected representatives of those who believed themselves to be outcasts. Thanks to WTP, for Nielsen.

We have lived in a society that presumes gay and les­bian people to be unhealthy. However, Nielsen has chosen to use alcohol, “Those who choose not,” those who choose to be ashamed, are forced in a sort of public confession to keep silence. There is this false idea that Nielsen’s behavior is a sign of madness.

We urge all members of the community to think about Nielsen’s behavior and to question our society in ways that have been ignored all too often.

The People, 24 4th street, 4th floor, Sonoma, CA 95476. In the event there are no winners, it is a special occasion. Go on and happy eating!

May I suggest the following:

1. The Fantasy Ball is a fundraiser for In Celebration of Life.
2. We commit ourselves to various courses of action for analysis of almost every possible social ill, were they the only thing, coming just a few days after.
3. We are looking for people who are interested in helping to organize the Fantasy Ball.

We invite you to join us in planning the Fantasy Ball.

Thank you, Senator Nielsen.

False Dichotomy Among Lesbians

By Julia Gillen

I must take issue with some of Riddle’s comments in her “Reflections” column. I know the subject of marriage is a sticky one in the gay community. But I am glad for the thought-provoking article.

Cruising the River
By Patrick Tucker

HAPPENINGS AROUND TOWN... Would you believe? Molly Brown's got another little fun thing going. New paint, deck tables, even fresh sawdust on the floor. Looks great for the old John. Speaking of old John, he show every weekend around 3:00 when manager Jack McKinnon hands out a version of "Don't Walk the Rain". Lots get each cart with such intriguing markers like Little Nell, Wanda Wadey, Silly Sally, Martha, Scrub Lady and One-Eyed Roland. Turnout is fair play as many players are now coming up with their own versions of the old John. They include Quaken Mackin and Mac the Mouth. It's a bit of fun and it's all free. Check us out.

NOW THAT Memorial weekend's over so many pentative residents of the River will be coming back to stay in their summer homes and cottages. The population of the River jumps from May to September. One question we year-round locals ask from our part time neighbors is this... If you get a dog or a cat in May, think about what you do with it in September. Sadly, but true, abandonment's a serious problem on the River. There's nothing prettier about having to watch homeless animals scrounge for food or shelter.

MONDAY HAPPENINGS... check out doubleheader night movie circuit. You can watch a movie for free (the bar's charge) at the Rainbow Castle Company or drive five miles down the road to the unique Rio Theatre in Monte Rio. The Rio has a $2 THE RIVER'S CUP... The annual Russian River River's asks participants to sign up early, especially the local business community. Here's hoping this column is written by and about our community on the River. If you have an item to share in this column (an event, business, etc.) please let me know at 869-9454. I'd like to hear from you.

Shaking Up Funds for Face to Face
By Lyle Pearman

The face of our community has changed dramatically over the past few years. The fear of AIDS has brought new challenges and opportunities for our citizens. As a community, we must be prepared to face these challenges head on.

One of the main goals of Face to Face is to provide support and resources to those affected by HIV/AIDS. This includes offering information, counseling, and emotional support to individuals and families. In addition, Face to Face operates a crisis intervention hotline and provides services to those in need.

Supporting Face to Face

There are many ways you can support Face to Face. You can make a financial contribution, volunteer your time, or simply spread the word about the organization. To get started, contact Face to Face at 869-9454 or visit their website at www.facetoface.org.

Face to Face is an integral part of our community and we must support it to ensure that it continues to provide the necessary services to those who need them.

We encourage everyone to get involved and make a difference in the lives of those affected by HIV/AIDS.
I am the course of my work on the AIDS Project I am often confused by men who claim they know HIV or AIDS. Too many people are engaging in high-risk sexual activities (particularly with anonymous individuals). I am often asked, "What can I do?"

My answer is: while these people are certainly a concern to us, our primary concern is the unknown people who continue to put him or herself at risk by engaging in unsafe sexual practices. We concern ourselves with the people who are putting themselves at risk. We are individual matters such as commitments to be in the community support that commit men to safer sex. If an individual makes such a commitment they will also be educated about safer sexual behavior and be involved in support groups. We hope to have these workshops under way by late May and, of course, it is only by your participation that we can hope to create a community of support for such important issues as safer sex.
